ACKNOWLEDGEMENT

I place this simple effort at the feet of the loving God—The almighty and my Spiritual Guru, they showered all the blessings upon me throughout the venture for the successful completion of this work.

It is with immense pleasure and gratitude I place on record my profound thanks and obligations to Dr. Utpala Parthasarathy, Indian Institute of Spices Research (IISR), for her inspiring guidance, constant encouragement and constructive suggestions throughout the period of study. The thesis would not have been complete without her expert advice, sustaining interest and unfailing patience.

It would also like to extend my sincere gratitude to Dr. T. John Zachariah, Principal Scientist, Indian Institute of Spices Research (IISR), for his guidance and timely advice during the course of study.

I am also greatly indebted and thankful to Dr. V.A. Parthasarathy, Director, Indian Institute of Spices Research for permitting me to carry out the work at Indian Institute of Spices Research, Calicut.
