ACKNOWLEDGMENTS

It is always a nostalgic feeling whenever one, glance back to the days of hard work, tensions and the need of the hour to excel. One would not achieve whatever he is now, without all the help, encouragement and wishes of the near and dear ones.

I feel privileged and elated to express the deep sense of gratitude and heartfelt thanks to my beloved Guide Dr. K. R. Chandrashekar, Professor, Department of Applied Botany, Mangalore University for his excellent guidance, component counsel, constant encouragement, valuable suggestions and endurance throughout the course of my work to which I remain immensely indebted and above all for his cordial relationship throughout the course of study. This thesis could not have attained its fruition but for his unforgettable fatherly care.

I would like to specially acknowledge Department of Applied Botany Mangalore University for generously providing me with the lab facility. I am grateful to the UGC for providing me the fellowship under major project and RFSMS Scheme.

Words are inadequate to thank Dr. P. Chowdappa, Principle Scientist Plant pathology division IIHR Hesargatta Bangalore for kindly permitting me to avail the laboratory facilities and also for his constant support and help.

I am grateful to Dr. Lakshmipathy, R Scientist, Post Harvest Technology Centre Bapatla, A. P. For his knowledge inputs in identifying AM fungal species, moral support throughout my degree period and also for his insightful and indomitable ideas during the critical period of my study.

I extend my sincere thanks to Dr. Krishnakumar G, Associate Professor, and Dr. Ramesh A, Assistant Professor of Department of Applied Botany, Mangalore University who have given me suitable suggestions and help whenever I approached them.

I sincerely thank Dr. Sundar Nain PCCF (Rtd) Aranya Bhavan Bangalore and all the Staffs of forest department of Udupi and Mangalore for permission to enter and help in sample collection in the forest, guidance and concern.

I wish to deeply acknowledge Prof. Manian Bharathiyar University and Prof. B. F. Rodrigues Dept. of Botany Goa Univeristy for teaching me some techniques, encouragement and suggestions. I also extend my deep sense of gratitude to Dr. Sooryaprakash Shenoy H., who has given me suitable suggestion and help whenever I approached him.

My heart outweighs with gratitude to my affectionate friends Dr. Chethan Kumar K. V. and Nirmal Kumar B. J. Research scholar, Plant
Pathology division IIHR Hesargatta Bangalore for boundless help, throughout the study and research career.

I extend my sincere thanks to Chairman and Staffs of Bioscience, Coordinator and Staffs of USIC department and Principle investigators and Staffs of CARRT of Mangalore University who have all willingly given me suitable suggestion and help whenever I approached them. I owe my thanks to the Staffs of Mangalore University Library, G K V.K. Library, Bangalore, I.I.Sc., Library Bangalore and I.I.H.R Library Bangalore for their ready help during literature survey.

I also extend my cordial thanks to my friends Shruthakeerthiraja S.B., Bhagya. N, Samhitha Sharma, Keshava Chandra K, Jyothi Miranda, Manasa, Arunkumar K, Akshatha, Syed Hidyathulla, Vinaya Chandra, Sana Sheik, Kavya, Shilpa Bhat, Sonia Mercy Lobo, Shilpa K. J., Amritha Shetty, Rashmi K, Haneef and Vivek M. R. for their care, unwavering love and support. It gives me an immense pleasure to be grateful to Non teaching Staff members Nagesh, Dase Gowda, Ranjith, Prasanna, Vidya and Shalini of the Department for their cooperation, suggestion and assistance during the entire course of my study I express my sincere thanks to Jayaram, Ashok and all other field supporters.

I will be failing in my duty if I do not acknowledge with gratitude the kind assistance rendered by my friends Mr. Kumara Swami M, Research scholar Department of Geoinformatics and Mr. Ravishankar, who have made my task easy and enjoyable

I also extend my deep sense of gratitude to all the Staff and Research Scholar of Plant Pathology division IIHR Hesargatta. I am thankful to the M. Sc., Student Friends of Applied Botany for their ready help and cooperation during my study I extend my sincere thanks to all the Staff and Research Scholars of Mangalore University who have willingly given me suitable suggestion and help whenever I approached them.

I do not venture to thank My Parents, Brother Mahesh and Relatives because every action I take is possible only because of their loving support.

Though acknowledging is an endless task, I end saying infinite thanks to all those whom I am able to recall here and also to those whom I might have left unknowingly

Sukesh
