ACKNOWLEDGEMENTS

I am at loss of words to convey my heartfelt thanks to my research guide Dr. Jogan Shankar Prof and Chairperson, Department of Sociology, Mangalore University, for his able guidance. I feel even more fortunate to have had Mrs. Shashikala Shankar to depend upon throughout my thesis work. I am also thankful to their children Chandralekha J. S., Luke Shankar, Aishwarya J. S., who provided me the warmth and love of siblings.

I immensely thank my teachers Dr. Mohammad Peer, Dr. Gurulingaiah M., Dr. Anita Ravishankar, Department of Sociology for their all encouragement at relevant junctures of my research work.

My very special thanks are due to Mrs. Eugene Quadras, Dr. A. V. Subramanyam and Mrs. Srilatha Subramanyam, Mr. D. S. Patil and Mrs. Jayashree D.S. Patil for helping me during the field work.

I am also thankful to Mr. Boppanna K. K. and family, Virajpet, Mr. Ashit Kumar De and his mother Mrs. Kakoli De, Mr. Divakar Rai, Dr. K. G. Bhat, Mr. Thomas and Mrs. Leelamma Thomas, Mr. Takan Gowda and Mrs. Girija Takan Gowda and Mr. Prabhu for helping me in their own way in the successful completion of this work.

Life is very wonderful when good friends are around. I take pleasure in thanking some of those friends who have really made my life meaningful.

I definitely owe a special credit to my roommate Geetha B. G for being part of all my happiness and sorrows. She has been a great source of moral support. She has been sweet enough to put up with all the nuisances caused by me. It was a joyous experience to have stayed with her for the last two years. Thanks to you GBG.

Some people need a very special mention as their mere presence also makes life a very cheerful one. They have the ability to inspire and assist at the right time. I thank three such cousins of mine Navya Mundodi, Niharika Mundodi and Praveen (Raju).

I never undermine the help bestowed upon me by my parents in the successful completion of this research work. They were constantly providing me adequate emotional and psychological support which made me more tolerant. But for their patient attitude and support, this research work would not have seen an end.

I consider it as my duty to thank all my respondents and their family members for being co-operative in providing relevant information essential for this work. Their active participation further motivated me to take my research work more seriously. But for the valuable information provided by Mrs. Seethamma G. Suvarna, President D. K. Mogaveera Mahila Sangha and her husband Mr. Gopalkrishna Suvarna, Managing Trustee Sree Mariamma Temple, Urva Market, Mangalore, my research work would not have made a reality.
I will be failing in my duty if I do not thank all my relatives and well wishers who have directly or indirectly contributed for the successful completion of this work.

I profusely thank Dr. Tirumal Mundargi for his useful suggestions and comments regarding the quality of the thesis.

I also thank all the personnel of Classic Lab, Mangalore for the wonderful photo prints. My thanks are also due to Shubha Printers for their careful work.
