Acknowledgement

First of all, I bow before the God almighty and praise him for the gracious love and blessing showered on me. I take this opportunity to express my sincere gratitude to all those who had been instrumental in the successful completion of this work.

At first I would like to express my deepest sense of appreciation and gratitude to Dr. P. C. Thomas (Supervising guide), Principal Scientist and SIC-HRD, Central Marine Fisheries Research Institute (CMFRI) for his guidance, valuable suggestions, criticism, and constant help during the course of my work, documentation and preparation of thesis. His continuous encouragement, deep devotedness, guidance and his mentorship always helped me to keep focus on my work in all stages.

I owe my thanks to Dr. A. Gopalakrishnan, Director, CMFRI, for the support extended during the study. I am also thankful to the former Director of CMFRI Dr. G. Syda Rao, Dr. N. G. K. Pillai and Dr. Mohan Joseph Modayil, for extending all the facilities of CMFRI for the successful completion of my research work.

It's my pleasure to express my heartfelt gratitude and indebtedness to Dr. K. K. Vijayan Principal Scientist, and head, Marine biotechnology Division, of CMFRI for his guidance, affectionate advice, constant encouragement, help, criticism and moral support during the course of my investigation and documentation.

I owe my thanks to Dr. K. Sunilkumar Mohamed, Principal Scientist and Head, Molluscan Fisheries Division of CMFRI and Dr. V. Kripa, Principal Scientist and Head, PFM Division of CMFRI & Mr. P. Radhakrishnan
(Technical officer) for the constant encouragement and moral support during the course of the study.

My special thanks to Dr. Kajal Chakraborty, for the guidance during biochemical analysis and designing experiment, and Dr. J. Jayasankar for the timely help in statistical analysis of the data.

I extend my sincere thanks to the scientists of MBTD, Dr. P. Vijayagopal, Mr. N. K. Sanil, Dr. Sandhya Sukumaran and Dr. M. A. Pradeep for providing facilities in lab, and also for valuable guidance, critical comments and suggestions during the experimental works.

I am highly obliged and thankful to Dr. M. P. Paulson (Sr. Technical Officer, CMFRJ, Cochin) for the inspirational and encouraging words and the timely help offered to me throughout the study. His inputs, was very valuable right from the conceptualization of the research plan to the submission of the thesis.

I would like to thank my colleague and dear friends Dr. P. A. Vikes (Subject matter specialist, KVK) and Mr. P. Shiju (Technical Assistant, CMFRJ) for their cooperation and valuable assistance in carrying out the extensive field work, experiment in the hatchery as well as in the laboratory throughout the course of my study. The work would not have been possible without the cooperation of them.

I express my thanks to Mr. K. K. Surendran, Mr. Nandakumar Rao, Mrs. P. Vineetha, Mr. Girish and Mr. A. K. Shaji of MBTD for the help rendered during this study.

I am extremely thankful to Dr. V. S. Basheer, Dr. Divya P. R., And Dr. Rajaswaminathan of NBFGR for the help rendered by them during my work.

I am grateful to OIC Library, other staff members of library, staff of HRD Cell, canteen, security and all other members of CMFRJ for their sincere help and cooperation extended during the course of my study.
I express my deepest sense of gratitude to Mr. Venugopal, hatchery in-charge, Mr. Shaji, Mr. Suresh and other staff members of the Marine hatchery complex, CMFRJ for providing all facilities to carry out the experiments.

My special thanks are due to Dr. Lijo John, Mr. Reynold Peter, Mr. Renjith Kumar for the help rendered in the molecular analysis. I extend my sincere thanks to Mr. Praveen N.K., Deepu Jose, Subin, Mr. Sayooy, Mr. Iyyapppa raja, Mr. Leo, Mr. Wilson Sebastian, Dr. Jeswin, Mrs. Anu, Mrs. Preetha, Mrs. Anju Jeswin, Mrs. Suja, Mrs. Bini, Mrs. Selsa, Mrs. Esha, Mr. Girish of MBT Division, Dr. Girish, Dr. Anoop, Mr. Ambrose, Mr. Rathish of CMFRJ for their great help and constant encouragement in carrying out my work.

I thank Mr. Mohanlal and Stalin Researchers of CIBA, Chennai for assisting in Marakkanam and Kelambakkam survey; Dr. Gulshad Mohammed, Dr. Asokan, Mr. Bhint in the Veraval centre of CMFRJ for help provided during the visits to Daman & Diu, Mathapur and Jafrahsalt seas in Gujarat; Fr. Vincent, Little Ran of Kutch, Gujarat for making arrangements to visit deserts and virgin hyper saline areas of Kutch. My thanks to Mrs. Preeti Kankani, DYSIP, Jaipur for arranging the visits in Sambar & Didwana salt lakes in Rajasthan, Mr. Haja Najimuddheen, Technical officer, CMFRJ for arranging survey trips to salt fields in West Bengal and Mr. Vijayachandran and Mr. Nanda, Salt officers of Nagarcoil and Odisha for helping the surveys we undertook in various salt fields of respective areas. I also acknowledge Mr. Rahul Aquarium trader and Mr. Thankaraj, SRF of CMFRJ for helping the survey journeys to salt fields in Mumbai and Thamarakulam region of Tamil Nadu.

I greatly acknowledge the financial assistance from the Department of Biotechnology, Govt. of India in the form of SRF fellowship.

I thankfully remember the support extended to me by Dr. Santhosh, Senior Scientist, CMFRJ for the reviewing the document for publication.
I would like to express my gratitude to the former manager of Mar Augusthinose college Ramapuram, Rev. Fr. Mathew Narively for granting me leave to carry out the research work. I am thankful to the manager Rev. Dr. George Njarakunnel, Principal Dr. V.J. Joseph, Vice Principal Fr. Joseph Alencherry, former Vice Principal Mr. K.M. Thomas, Bursar, Mr. Shaji Augustine and the administrative staff members for the support and encouragement extended to me during the period of the study.

I would ever be greatful to Mr. Jiby John Matew for the wholehearted support extended to me throughout the period of study and also helping me in my duties thus enabling me to concentrate more on the research work and its documentation. I am very much indebted to Dr. Prem Jose Vazhacharickal for the valuable suggestions, critical comments and corrections made during the preparation of the final draft of the thesis. I am very glad to remember the support and encouragement extended by Jobin P Mathew, Binoy Augustine, Wilson P Victor, Sumesh and other staff members of MA college Ramapuram. I am very thankful to the staff members of the Dept. of Biotechnology for the support and cooperation extended to me throughout the study period.

My best friends Mr. Chandrakumar, Dr. R. Manoj and Balu encouraged me and extended moral support through these years for that I always be thankful to them.

I express my sincere thanks to Mrs. Seena, of Indu Offset, Kalamassery for the final professional setting of documents of the thesis in an impressive format.

Verbal expression of indebtedness & gratitude is not sufficient for the unequivocal support of emotional and other wise given to one by my Mother, J. Rajam, betterhalf Dr. Sreejaya. R, sister Sreeja.K & her kids Nandana & Nayana, Brother-in-law, Prasad, brother Dasappan Nair and wife Jaya.
Words are inadequate to express my love and indebtedness to my beloved father-in-law Shri K.N. Ramachandran Nair who encouraged me to carry out the Ph.D programme, mother-in-law P. K. Sarasamma, brother-in laws R, Jayadevan, Sandeep and sister-in-laws Sreedhanya, and R, Sreevidhya, and little kid Devadath for their whole-hearted support, love, encouragement and kind help.

Last but not the least, I am ever being indebted to my little kids Rakendu S. and Panchami S. for their endurance, cooperation and adjustments made, when I am away from home as part of my study. Their occasional interference really relieved the stress and strain mounted upon me during the study period and at the time of documentation.

Sajeshkumar N.K.
