Acknowledgement

I express my profound gratitude to Dr. G. Muraleedhara Kurup, Professor of Biochemistry, University of Kerala (former Director, School of Biosciences, M. G. University, Kottayam) for his invaluable encouragement and enlightened guidance at all stages of this work. Indeed, it is a great privilege to get him for his valuable help during this work, suggesting the problem, continued guidance, scholarly advice and the correction of manuscript.

I am deeply grateful to Prof. (Dr.) M.S. Latha, Director, School of Biosciences for her support during the course of my research. I gratefully acknowledge Dr. Shankar Shasidhar, former Director, School of Biosciences for providing me all facilities in the laboratories and for his continuous encouragement.

My sincere thanks are due to Dr. H. Krishna Iyer, Rtd. Scientist (Biostatistics), C.I.F.T., Cochin and Dr. Jeevanand, Dept. of Statistics, U. C. College, Aluva for their help rendered in statistical analysis of the data.

I am indebted to Dr. K. V. Reethamma, Principal (Rtd.), Govt. College, Madappally (former H.O.D. of Zoology, Maharaja’s College, Ernakulam) for leading me to the School of Biosciences, M.G. University for research and for her motivation for this study.

My sincere thanks are also due to Prof. K. T. Ammalu, Rtd. H.O.D. of Zoology, Maharaja’s College, Ernakulam for her constant inspiration. I am obliged to Dr. T. P. Jameela and Dr. K. S. Jameela Beevi, (former Heads of the Department of Zoology, Maharaja’s College, Ernakulam and Rtd. Principals, K.K.T.M. Govt. College, Pullut, Kodungallur) for their support and continuous encouragement throughout the course of my research.

I am thankful to my colleagues in the Department of Zoology, Maharajas college, Ernakulam for their co-operation and support.

I thankfully acknowledge the help extended by the faculty members and the technical and non-teaching staff of the School of Biosciences, M. G. University to complete this study successfully.
I am grateful to the Librarians of School of Biosciences and the Central Library, M. G. University, Sree Chithira Thirunal Institute of Medical Sciences and Technology, Thiruvananthapuram, Cochin University of Science and Technology, Kochi and C. I. F. T., Kochi for allowing me to use their library and internet facilities.

I express my heart-felt gratitude to Mr. Joseph Job, Selection Grade Lecturer in Botany, S. B. College, Changanacherry for the boundless help extended to me during the laboratory works.

My special thanks are due to Dr. Anilkumar, Dr. Gini C. Kuriakose, Dr. Gincy P. Thottathil, Dr. V. K. Remya, Mr. Rajeshkumar, Mr. Rajesh K. Bhaskar, Ms. Shonima Govindan, Mr. Sandeep, Mr. Stephen and Mr. Sougandhi who were my colleagues in the School of Biosciences for their help and support during this work.

I extend my sincere thanks to Mr. Syam Lal. V. & Mr. Binoop Kumar M.R, Indu Photos, Kalamassery for their efforts in the layout and cover design of this thesis.

I am very much obliged to U.G.C., Govt. of India for the award of Teacher Fellow Scholarship and their financial assistance. Thanks are due to Government of Kerala (Higher Education) and the Director of Collegiate Education, Thiruvananthapuram for their concurrence and sanction of deputation for doing full time research under F.I.P.

I am indebted to my wife Dr. Jayashree, my daughters Lakshmi and Maya, my mother and other family members as well as relatives for having shown keen interest in my research work, offering support and motivation to complete this study.

S. Madhavan
