ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude and respect to Dr. A.V. Rama Rao, F.A.Sc., Dy. Director & Head of the Division of Organic Chemistry II (presently Director, Regional Research Laboratory, Hyderabad) for his inspiring guidance and keen interest during the course of my work for Ph.D degree.

It is my pleasant duty to express my grateful and sincere thanks to Mrs. Latha Sivadasan for her wholehearted co-operation throughout the course of this work.

I am also grateful to Dr. T. Ravindranathan, Dr. V.H. Deshpande, Dr. J.S. Yadav, Young Associate (INSA) for their guidance and encouragement.

My thanks are due to Dr. M.K. Gurjar for the painstaking task of going through the manuscript minutely and suggesting suitable changes wherever found necessary which were exceedingly useful.

My thanks are due to all my colleagues and friends in the laboratory for their sincere co-operation.

My special thanks go to Mr. S. Venkataraman for his excellent technical help.

Assistance from spectroscopic and microanalytical sections of this laboratory is gratefully acknowledged.

Award of fellowship by the National Council of Educational Research and Training, New Delhi, is gratefully acknowledged.

I am also thankful to the Director, National Chemical Laboratory, Poona, for allowing me to submit this work in the form of a thesis.

NCL, Poona 411 008

September 1985
