As I pen down my gratitude towards everyone who has been a part and parcel of my thesis work, I am most grateful to Lord Jagannath for giving me an opportunity to fulfil my dream. This soulful gratitude is for everyone who stood to extend their helping hands in various ways and even for those who allowed me to carry on my work without creating any disturbance during the entire tenure of four years.

It is my privilege to express deep sense of gratitude and ingenious regards to my revered guide Dr. B. K. Das, Principal Scientist Fish Health Management Division, ICAR-Central Institute of Freshwater Aquaculture for his scholastic guidance, erudite counselling, enthusiastic support, and timely advice to elucidate many intricate problems during the course of my investigation. I will always remain indebted to him for sharing his vast knowledge on Science as well as on day to day matters.

I gratefully acknowledge the learned guidance of my Co-guide Dr. A. Pal (Asst. Prof. KSBT) for his constant monitoring and timely advice. His suggestions were of great help in preparation and submission of Thesis.

I am thankful to Dr. P Jayasankar, Director of ICAR-CIFA for giving this opportunity and providing necessary facilities for successful completion of my research work.

I take pleasure to convey my obligation and sincere thanks to Dr. S.S. Mishra, Principal Scientist and Head; Dr. P. Swain, Dr. P. K. Sahoo, Dr. N.K. Maiti, Dr. S. Mohanty Principal Scientists, Dr. M. Samanta, Senior Scientist Fish Health
management Division for their whole hearted co-operation prudent suggestion and timely help.

I am gratefully indebted to the honourable SRC members for their constant support and valuable suggestions during preparation and submission of thesis.

I also render my thanks to Mr. S. Mohanty Librarian ICAR-CIFA and other Library staff members for their kind co-operation for reference collection and thesis printing. I am thankful to Mr. P. K. Maharana Librarian KSBT for his support by doing the plagiarism tests and providing reports in time.

My sincere thanks to all my friends, seniors and my juniors such as Jyoti didi, Anil Bhai, Deepak, Swagatika, Nibedita, Soumya P. Panda, Madhulika, Amruta and a special thanks to Soumya S. Rath. Special and hearty thanks to Prem for all the help and support he has given for successful completion of thesis.

My deep sense of regards for all the staff members of Fish Health Management Division, ICAR-CIFA for their kind co-operation and help during the entire period of study.

Special and heartfelt thanks to my parents for their unconditional support that has always been a source of inspiration to complete this work; my brother, sister-in-law and in-laws for their love and support throughout the experimental work and preparation of manuscript. My sincere regards to my Grand Maa and Grand Paa.

Last but not the least; I appreciate the support of my husband Pratyush and daughter Koel, who were always there with me through the thick and thin. They believed in me and my efforts so the dream could finally be accomplished.
