ACKNOWLEDGEMENT

I take this opportunity to thank Dr. Sudershans K. Arora President NCER, Lupin Research Park, Pune and Prof. Ramesh Chandra, Founder Director, Dr. B. R. Ambedkar Center for Bio Medical Research, Delhi University for providing me with an opportunity to carry out research studies under their esteemed guidance. I greatly acknowledge their valuable suggestions, meticulous attention and continuous help during the entire period of this work. Guidance of Dr. Sudershans K. Arora during the entire period was extraordinary. In short, I would like to express that without his motivation and efforts my work would have been impossible.

I am thankful to Dr. Desh Bandhu Gupta, our Chairman for providing necessary facilities to carry out this research project.

Words cannot match my expression of gratitude to Dr. Vandita Srivastava Assistant Director, Phytochemistry, NCER, Lupin Research Park, Pune for her help at each step of this study.

I greatly acknowledge the help and methodical supervision provided by Dr. S.R.Rojatkar Assistant, Phytochemistry, Lupin Research Park, Pune.

I feel great pleasure in expressing my deep sense of gratitude to my senior Dr. B.A.Nagasampagi and colleagues R.B.Jadhav, L.K.Garg, Jyoti and Sashank whose companionship and constant support have enriched my motivation for conducting this work.

I would like to express my sincere thanks to Mr. Ramesh for his constant support.

I would like to express my most sincere gratitude to my parents, brother, sister, wife and my sweet children for their affection, support and love. They have been my greatest source of inspiration.

(Santosh K. Joshi)
