

Acknowledgements

This thesis would never have been written without the generous help and support that I received from numerous people along the way. I would now like to take this opportunity to express my sincerest thanks to these individuals.

I take this opportunity to place on record my sincere gratitude and respect to my supervisor **Dr. M. Sumathi**, Associate Professor of Computer Science, Sri Meenakshi Govt. Arts College for Women, Madurai for her inspiring guidance, constant encouragement and support. In particular I am deeply indebted for her critical comments and suggestions, which have given the confidence to pursue this work.

I am greatly indebted to the Vice-Chancellor and Registrar, Madurai Kamaraj University, Madurai for graciously allowing me to utilize the resources available in the institution during the years of my research work. I am glad to thank the Head, Computer Centre, Madurai Kamaraj University, Madurai and the Professors for providing laboratory facilities during the research work.

My heartfelt thanks are due to Principal, Government Arts College, Melur for her immense help and encouragement in all of my efforts towards the pursuit of my research. The cooperation received from my colleagues are gratefully acknowledged.

I am also grateful thanks to the staff members of Geology Department, Madurai Kamaraj University, Madurai for providing satellite image data for this research work.

I would like to express my sincere thanks to Dr. A. Bose, Assistant Professor of Commerce, Dr. P. Jeganathan, Assistant Professor of History, Dr. S. Mariraja, Assistant Professor of Commerce and Mr. R. Selvakumar,

Assistant Programmer (S.G), Govt. Arts College, Melur, for their valuable suggestions during my research work.

Special thanks to my colleagues in the Dept. of Computer Science, Govt. Arts College, Melur. It was a great experience to work and study with all of them. I am grateful to Mrs. S. Vanathi, HOD, Dept. of Computer Science, Govt. Arts College, Melur for help and encouragement throughout the research work.

My sincere thanks are due to my colleagues in our college, Dr. P. Subas Bose, Mr. A. Prabhakaran, Mr. R. Baskaran and Dr. S. Balamurugan, Govt. Arts College, Melur and my special thanks to Dr. S. Sivakumar, Mr. R. Murugesan, Dr. K. Krishnan and Dr. S. Balamurugan for providing a congenial atmosphere and help during my research work. I would like to express my thanks to research scholars, Mrs. R. Barani and Mrs. P. Vijayalakshmi for their kind support.

I would like to thank sincerely Dr. K. Neyvasagam for his boundless kindness, patience, hospitality and generosity, without whom writing of this thesis would have been impossible.

I would like to thank Dr. M. Ravichandran, Assistant Professor of English, Govt. Arts College, Melur for proof reading and helping to prepare the final draft of this dissertation.

A special thanks to my family. Words cannot express how grateful I am to my mother and father, my mother-in-law and father-in-law, for all of the sacrifices that they have made for me.

I take this opportunity to thank my relatives and good friends for their concern and unwavering support throughout my carrier especially during the period of my research work.

My special thanks go to my wife Mrs. A. Kalaivani for the fullest cooperation and maximum support extended during the entire period of my research work. My daughters Mega Mithra and Dharshana deserve appreciation for their understanding, which enabled me to proceed with my work without interruption.

Above all, I profoundly thank the God Almighty for his blessings and benevolence, that has given me strength and courage to do this work.
