

LIST OF FIGURES

| Figure No | Title |
|-----------|---|
| 1.1 | Biochemical constituents of tissue samples obtained from different organs of <i>E. suratensis</i> collected in natural pond condition in experimental tank. |
| 1.2 | Effect of Seasonal variations on egg production in <i>E. suratensis</i> |
| 1.3 | a) Relationship between number of egg production and percentage of fertilization b) Relationship between inter spawning time and egg production c) Relationship between weight of the fish and inter spawning time d) Relationship between weight of the fish and egg production |
| 2.1 | Biochemical constituents of various tissue samples of hormone administered <i>E. suratensis</i> before spawning |
| 2.2 | Biochemical composition of hormone administered <i>E. suratensis</i> egg |
| 2.3 | Percentage of fatty acid composition in egg of hormone administered <i>E. suratensis</i> |
| 3.1 | Percentage of Biochemical composition in herbal administered <i>E. suratensis</i> egg |
| 3.2 | Percentage of fatty acid composition in the egg of herbal administered <i>E. suratensis</i> |
| 4.1 | Collection of <i>Etroplus suratensis</i> |
| 4.2 | Isolation of <i>Etroplus suratensis</i> - Cast net |
| 4.3 | Quarantine tank |
| 4.4 | Stock Culture tank |
| 4.5 | Experimental tank |
| 4.6 | Larval Rearing facility in CMST |
| 4.1a | <i>Etroplus suratensis</i> - male |
| 4.1b | Dissected testis of male <i>E. suratensis</i> |
| 4.2a | <i>Etroplus suratensis</i> -Female |
| 4.2b | Dissected ovary of female <i>E. suratensis</i> |
| 4.3a | Female Gonads of <i>E. suratensis</i> |
| 4.3b | Egg Mass of <i>E. suratensis</i> |

- A Mated Egg
- B Previtellogenic egg
- C Oocyte stage
- D Stage of larva on day 1
- E Stage of larva on day 2
- F Stage of larva on day 3
- G Stage of larva on day 4
- H Stage of larva on day 5
- I Stage of larva on day 6
- J Stage of larva on day 7
- K Stage of larva on day 8
- L Stage of larva on day 9
- M Stage of larva on day 10
- N Stage of larva on day 11
- O Stage of larva on day 12
- P Stage of larva on day 13
- Q Stage of larva on day 14
- R Stage of larva on day 15
