

ACKNOWLEDGEMENT

My guide **Dr. J. Ronald, M.Sc., M.Phil., Ph.D.**, trusting enough to allow me to do my own thing yet concerned enough to ensure I was on the right track. I am forever indebted to you for being able to see my potential before even I was aware of it! Thank you very much for your advice, support, guidance and the unlimited time you so willingly spend to improve the thesis.

My genuine gratitude goes to my honored guru **Dr. V. Sivakumar**. Sir! Your passion for things and relentless thirst for knowledge has been inspirational to me. Your insightful and critical ideas toward improving this thesis are valued. I'll always remember your words of encouragement when I was feeling sorry for myself – “everything happens for a reason”. This is the proof.

I express my heartfelt thanks to **Dr. Mohanraj, M.Sc., M.Phil., Ph.D.**, Principal, Kamaraj College and **Dr. Sornaraj, M.Sc., M.Phil., Ph.D.**, Research Co-Ordinator, Kamaraj College, Thoothukkudi for allowing me to use their laboratory facilities for my successful completion of my project work.

Dr. A. Thanga Thiruppathi, Principal of Sankaralingam Bhuvaneshwari College of Pharmacy, Anaikuttam, Sivakasi is a principle characterized fellow as his name implies. His kindness in providing rat for my project work is greatly acknowledged.

Mr. P. Patturaj, Lab technician, Thoothukkudi Medical College Hospital, is an ever active gentle man. Whenever I gave any sample for biochemical analysis, within one day he would give the result and ask, what was the next work? Your timely help in the analysis of blood samples made the succeeding work of my project. Thank you!

Mr. Karthikeyan, SSS Diagnostic Center, Town, Tirunelveli is kindly acknowledged for his help in the preparation of Histological slides.

Mr. Pravin, will no longer hear the words “Pleeeeee, I just need only this help...” He would do my need within a twinkling time. Without his help I’d still be
