Acknowledgements

With immense pleasure, I would like to present this research work related to Analysis of QoS and Traffic Management Issues in Multimedia Services. I am very thankful to God, since he is omnipresent in all my endeavor.

I would like to thank Dr K Kotecha, Director, Institute of Technology, Nirma University, Ahmedabad whose keen interest and excellent knowledge base equipped me with a great understanding of different aspects of the required architecture for the work.

I would also like to thank Dr S N Pradhan, Retired Professor, Computer Science and Engineering Department, Institute of Technology, Nirma University, Ahmedabad for his continual support. His profound interest and knowledge helped me to broaden the horizon of my understanding of Multimedia Networks.

My sincere thanks and gratitude to Dr Sanjay Garg, Head of the Department of Computer Science and Engineering Department, Institute of Technology, Nirma University, Ahmedabad for all his support.

I would also like extend my thanks and gratitude to Prof. D J Patel, Retired Head of the Department of Computer Science and Engineering Department, Institute of Technology, Nirma University, Ahmedabad for his continual kind words of encouragement and motivation throughout this work.

I am thankful to the faculty and staff of Institute of Technology, Nirma University for providing all kind of required resources and support.

I am highly indebted to my husband Mr. Rahul Sharma, daughter Ms. Tanisha Sharma and my family for their constant support and encouragement. Without their support all this was beyond imagination.

Ms. Priyanka Sharma
