ACKNOWLEDGEMENTS

It gives me a great pleasure to thank all people who have helped me in innumerable ways by contributing to my experiences and successes that I had during this period of my life, without whose support completing this work would have been impossible.

Words cannot adequately express my gratitude and indebtedness towards my Ph.D. Supervisor, Dr. M.L. Maurya. With his enthusiasm, inspiration and great efforts and his ability to explain things clearly and simply, he made Economics exciting for me. Throughout my Ph.D., he gave sound advice, good teaching and a lot of good ideas which were highly encouraging. The best advisor and teacher I could have wished for, he has always been actively involved in the work of all his students which has always helped in shaping the work better. Time after time, his easy grasp of Economics at its most fundamental level helped me in the struggle for my own understanding. Sir, I am really thankful to you for making me what I am today.

I would also like to thank Prof. Ramesh Chandra, Former Vice Chancellor, Bundelkhand University, Jhansi for giving me the opportunity to work in this University.

I am grateful and a sincere word of thanks goes to Dr. Manisha Tiwari for her help and support during the course of my Ph.D.
