ACKNOWLEDGEMENT

“Patience… Persistence… & Perspiration… make an unbeatable combination for SUCCESS!!”

The goal for which the efforts were taken persistently with the patience can be said to completely change my life and attitude and yet was thoroughly enjoyed! From the depth of my soul and heart, I really felt and experienced during the voyage of perusing the highest academic qualification. The journey has taught me the most important lesson to accomplish your goal is the “Persistence”!!

The satisfaction that comes with the successful achievement would be imperfect without the acknowledging the people who helped to make it possible and whose constant prayers and encouragement took my efforts to the destination of Success. If such support were not there, my will-power and mental durability would have been broken down!

A hearty relation really doesn’t need any formalities like acknowledgement. But still it is necessary to express my gratitude towards the hands that have clapped on my success as well as acted as a soothing balm to nerves during hardships.

At the outset I would like to thanks my Guide, Dr. H. N. More, Principal, Bharati Vidyapeeth, College of Pharmacy, Kolhapur. Without his support and constant motivation, it was impossible to achieve this goal. I will always be grateful to him for the orientation he has given to my life!

Besides these helping hands for technical work, there were ‘Hearts” praying for me. These people kept my mental integrity and confidence high and intact- “My Family”! I not only express gratitude but also dedicate all my efforts to my family members!!!

In the life’s toughest times, my family has given me a great support. Dr. Abhay- my beloved life-partner is surely creditworthy for my success. Without his care and firm back-up during work, it was impossible to complete the tasks. My lovely children; Atharv and Vighnesh are the source of happiness which provides a never ending energy for my life!!! Dr. Meenakshi and Bharati; my sisters always motivated me to keep the consistency in the pursuance of the goal. I devote my efforts to my beloved and respected mother Vijaya. I can’t forget my late Father, Prof. Siddheshwar Tegeli on this occasion. I would dedicate the success to my father because of whom my life has got a good outline. I can imagine his proud expressions if he was physically with me, however he is always with me!

*Good things come to those who Believe…*

*Better things come to those who are Patient…*

*And the Best things come to those who Don’t Give Up…!!*

The saying taught me so many lessons. But these people were there because of whom I didn’t give up. I am thankful to all these co-voyagers for being with me… FOREVER…!!
