PAGES

Table 3.1:	Description of the soil categories	52
Table 3.2:	District wise wetlands in the Subansiri basin in Arunachal Pradesh	60
Table 4.1:	Analysis of water quality for selected environmental parameters	81
Table 4.2:	Relief characteristics of the Subansiri and the Alaknanda basins	97
Table 4.3:	Slope categories of the Subansiri and the Alaknanda basins	99
Table 4.4:	Linear aspects of the Gayung subbasin of the Subansiri basin	106
Table 4.5:	Linear aspects of the Bhardari Gad subbasin of the Alaknanda basin	106
Table 4.6:	Areal and relief aspects of the Gayung and Bhardari Gad subbasins of the Subansiri and the Alaknanda basins respectively	107
Table 4.7:	Linear aspects of the Sipu subbasin of the Subansiri basin	107
Table 4.8:	Linear aspects of the Kyar Gad subbasin of the Alaknanda basin	108
Table 4.9:	Areal and relief aspects of the Sipu and Kyar Gad subbasins of the Subansiri and the Alaknanda basins respectively	108
Table 4.10:	Comparison of morphometric parameters of the Subansiri and the Alaknanda basins	109
Table 4.11:	Changes of Landuse/Landcover pattern in Subansiri basin, 2000 and 2014	125
Table 4.12:	Changes of Landuse/Landcover pattern in Alaknanda basin, 2000 and 2013	129
Table 4.13:	LU/LC Change detection in the Subansiri and the Alaknanda basins	130
Table 5.1:	Human settlement in the Subansiri Basin	137
Table 5.2:	Sources of drinking water in Subansiri basin	138
Table 5.3:	Status of hydroelectric potential development in the study area	158
Table 6.1:	Major earthquakes in the North East India and adjoining regions	169
