ACKNOWLEDGEMENTS

First of all, I convey heartiest thank and PRANAAM to my esteemed mentor Dr. Pradip Kr. Bhattacharyya, who has immensely guided me with utmost care and affection to cross the hurdles and impediments in fulfilling my Ph. D. Without his impeccable guidance and encouragement, I cannot imagine how I would overcome the problems and difficulties in my research. This thesis is the product of his thoughts and tremendous support. Other than my advisor, Dr. Manjit Kr. Bhattacharyya’s encouragement and support have deeply influenced my career for the last few years. I am also thankful to Dr. Bijoy Krishna Sen for his suggestions, and moral supports in my research career. I would also take the opportunity to thank Dr. A. A. S. H. Barbhuiya and Dr. Th. Shanta Kumar for their immense support due course of my research work.

I would like to acknowledge my sincere gratitude to my Doctoral Committee members, Prof. J. N. Ganguly, Prof. P. Phukan, Prof. D. C. Deka, Prof. B. K. Das for their insightful advices and valuable suggestions. I am also grateful to Dr. Kalpana Mishra, Dr. Monali Dutta Saikia and all the entire faculty and staff members of the Department of Chemistry, Gauhati University and Arya Vidyapeeth College.
