

Acknowledgement

This thesis is the result of not only my efforts but also many others who have supported me in different ways throughout my Ph.D. study.

First of all, I would like to express my deepest gratitude to my research supervisor, **Dr. M. Anand**, Assistant Professor, Department of Marine and Coastal Studies, School of Energy, Environment and Natural Resources, Madurai Kamaraj University, Madurai has always been friendly, supportive, and motivating me to think outside the box to get new insights into my research topic. His valuable comments and suggestions have led to significant achievements in this thesis work.

My sincere thanks to **Prof. Dr. K. Muthuchelian**, the Chairperson, School of Energy, Environment and Natural Resources, Madurai Kamaraj University, Madurai for providing the infrastructure facilities.

I am also thankful to **Prof. Dr. A. K. Kumaraguru**, Vice-Chancellor of Manonmaniam Sundaranar University, Tirunelveli and Former Senior professor and Head, Department of Marine and Coastal Studies, School of Energy, Environment and Natural Resources, Madurai Kamaraj University for providing the laboratory facilities for my research.

I would like to express my hearty gratitude to **Dr. C. M. Ramakritinan**, Assistant Professor, Department of Marine and Coastal Studies, School of Energy, Environment and Natural Resources, Madurai Kamaraj University, Madurai; he rendered timely support and the help, facilitating the completion of the work.

I thank **Dr. S. Ravikumar**, Professor, Department of Oceanography, Alagappa University, Thondi and **Dr. K. Jayakumar**, Assistant Professor, Department of Animal Behaviour & Physiology, School of Biological Sciences, Madurai Kamaraj University, Madurai for their valuable comments and suggestions during the Research review meeting which paved the right way for my research.

My very special thanks to the one person to whom I owe everything I am today, my brother, **Dr. G. Maduraiveeran**, Postdoctoral Fellow, Lakehead University, Canada. His unwavering faith and confidence in my abilities and in me is what has shaped me to the person I am today. He has given me the idea of the electrochemical studies which is the basis of this thesis. His help and innumerable discussions have made a difference in all aspects of my research.

My gratitude is also extended to **Mrs. A. Hameedha Beevi**, my friend as well as colleague. She was one of the first friendly faces to greet me when I began this doctoral

program and has always been a tremendous help no matter the task or circumstance. Her research discussion as well as her valuable feedback is significant. I couldn't have completed all the required paper and thesis writing and delivered it to the right place without her.

I extend my heartfelt thanks to **Mr. P. Thavasi**, Technical officer, **Mr. P. Raman**, Technical assistant and **Mr. V. Sundaram** for providing support and help regarding supply of materials needed for my work. I also thank the non-teaching staffs of Marine Research station, Madurai Kamaraj University, Pudhumadam for their support during my occasional work there.

I am indebted to all my friends who have supported me over the last few years: **Mr. S. Suresh**, **Mr. T. Muneeswaran**, **Ms. R. Jeeva Priya**, **Mr. J. Prasanna**, **Mr. M. Rajeshkumar**, **Mr. K. Duraikannu**, **Ms. R. Kalaivani**, **Ms. G. Jayanthi**, **Mr. M. Gopal**, **Mr. B. Rajan Babu**, **Mr. M. Dineshkumar** and **Mr. G. Durairaj** Research Scholars, School of Energy sciences, my friends from other schools, **Mr. N. Kalyanaraman**, **Mr. P. Ramesh**, **Mr. M. Kandhasamy**, **Mr. R. Praveen** and **Ms. R. Gomathi** for the enchanting moments. I also thank my friends from other universities **Dr. S. R. Krishnamoorthy**, **Dr. M. Ganadesigan**, **Mr. K. S. Vengatesh** and **Mr. G. Rajivganthi** who helped and supported my research a lot.

I would like to express my hearty gratitude to **Microbial Type Culture Collection and Gene Bank (MTCC)**, Chandigarh for providing the *Pseudomonas aeruginosa* bacterial culture; I also thank **Prof. S. Shanmugasundaram**, Retd. Professor Department of Microbial Technology, School of Biological Sciences, Madurai Kamaraj University and **Mr. B. K. Balachandar**, Lab Assistant of the same department for providing the AFM analysis facility. My gratitude also extend to **Mr. K. Gopinath**, Research Scholar, Department of Nanoscience and Nanotechnology, Alagappa university, Karaikudi for providing the XRD facility and **USIC, UPE - Central Instrumentation Centre**, Madurai Kamaraj University for providing the FT-IR and HR-TEM facilities.

I thank **University Grants Commission (UGC)**, New Delhi and **India New Zealand Education Council (INZEC)** project fellowship for supporting my research financially.

Last, but certainly not least, I am forever grateful to my parents, my uncle **Mr. P. Marimuthu**, my brother **Mr. G. kannan** for their unconditional love and endless support.
