ACKNOWLEDGEMENTS

This thesis would not have been possible without guidance and help from different sources at different levels. At this stage, I consider it a rare privilege and earnest duty to express my deepest gratitude to dignitaries, friends and institutions connected with this research endeavor.

First of all, I am indebted to my supervisor Prof. K. Ramasamy, former Deputy Director, Central Institute of Indian Languages (CIIL), Ministry of HRD, Govt. of India, Mysore, who was always stimulating, patient, and generous with comments, advice, and time besides his busy schedules.

My most sincere thanks are due to the authorities of CIIL, Mysore for providing me with all facilities from the beginning to carry out my research work and the UGC for awarding me the precious fellowship entitled “Rajiv Gandhi National Fellowship for ST” for initial two years as Junior Research Fellow and the remaining years as Senior Research Fellow.

I record my deep sense of gratitude to Prof. Rajesh Sachdeva, Director i/c, CIIL, Mysore for moral support and extending help in various ways during the absence of my supervisor in Mysore.

I wish to express my most sincere thanks to Ms. Rekha Sharma, the then Head, Speech Science Lab, CIIL, under whom I worked for many years and started my academic career. She has been a source of encouragement and help in various ways.
