

**BIO-CHEMICAL AND MOLECULAR
CHARACTERIZATION OF DDT DEGRADING
DEHALOGENASE FROM
PSEUDOMONAS SPP.,**

The Thesis
Submitted to the,
UNIVERSITY OF MYSORE, MYSORE
for the award of the degree of
DOCTOR OF PHILOSOPHY IN BIOTECHNOLOGY

by

LATHA, R

Council of Scientific and Industrial Research - Senior Research Fellow

Under the supervision of

Dr. H. K. Manonmani
(Guide, Principal Scientist)

**Department of Fermentation Technology and Bioengineering,
Central Food Technological Research Institute,
MYSORE – 570 020 (INDIA)**

March, 2012
