</table>
5.23 Anova between Age of the respondents and the extracted factors for Organization Commitment

5.24 Anova between Gender of the respondents and the extracted factors for Organization Commitment

5.25 Anova between Marital Status of the respondents and the extracted factors for Organization Commitment

5.26 Anova between Number of Dependents in respondent’s family and the extracted factors for Organization Commitment

5.27 Anova between Nature of Employment and the extracted factors for Organization Commitment

5.28 Anova between Educational Qualification and the extracted factors for Organization Commitment

5.29 Anova between Designation and the extracted factors for Organization Commitment

5.30 Anova between Salary and the extracted factors for Organization Commitment

5.31 Anova between the Bank in which respondent is employed with and the extracted factors for Organization Commitment

5.32 Anova between Years of Service and the extracted factors for Organization Commitment

5.33 Anova between the Type of Bank in which respondent is employed with and the extracted factors for Organization Commitment

5.34 Satisfaction level for Statements describing various aspects of Compensation

5.35 Descriptive Statistics for Satisfaction level with regard to Statements describing various aspects of Compensation

5.36 Communalities for Statements describing various aspects of Compensation

5.37 Total Variance explained by the Factors extracted

5.38 Component Matrix for Statements describing various aspects of Compensation

5.39 Rotated Component Matrix for Statements describing various aspects of Compensation
5.40 Variables loaded on Factor One
5.41 Variables loaded on Factor Two
5.42 Anova between Age of the respondent and Factor scores for Statements describing various aspects of Compensation
5.43 Anova between Gender of the respondent and Factor scores for Statements describing various aspects of Compensation
5.44 Anova between Marital Status of the respondent and Factor scores for Statements describing various aspects of Compensation
5.45 Anova between Nature of Employment of the respondent and factor scores for Statements describing various aspects of Compensation
5.46 Anova between Educational Qualification of the respondent and Factor scores for Statements describing various aspects of Compensation
5.47 Anova between Designation of the respondent and Factor scores for Statements describing various aspects of Compensation
5.48 Anova between Salary of the respondent and Factor scores for Statements describing various aspects of Compensation
5.49 Anova between the Bank respondent is working with and Factor scores for Statements describing various aspects of Compensation
5.50 Anova between the Years of Service and Factor scores for Statements describing various aspects of Compensation
5.51 Anova between the Type of Bank employed with and Factor scores for Statements describing various aspects of Compensation
5.52 Agreement levels towards Statements related to the Characteristics of your job
5.53 Descriptive Statistics for agreement levels towards Statements related to the Characteristics of your job
5.54 Anova between the Agreement levels towards the Statement the Job requires me to use a number of complex or high level skills and the Demographics of the respondents
5.55 Anova between the Agreement levels towards the Statement the job denies me any chance and the Demographics of the respondents

5.56 Anova between the Agreement levels towards the Statement the job is quite simple and repetitive and the Demographics of the respondents

5.57 Anova between the Agreement levels towards the Statement the job gives me considerable opportunity for independence and freedom in how I do the work and the Demographics of the respondents

5.58 Agreement levels towards Statements related to Training

5.59 Descriptive Statistics for agreement levels towards Training

5.60 Anova between the Agreement levels towards the Statement this company is providing me with job specific training and the Demographics of the respondents

5.61 Anova between the Agreement levels towards the Statement sufficient time is allocated for product and solution training and the Demographics of the respondents

5.62 Anova between the Agreement levels towards the Statement I can apply the training I receive and the Demographics of the respondents

5.63 Anova between the Agreement levels towards the Statement there are enough development and the Demographics of the respondents

5.64 Anova between the Agreement levels towards the Statement sufficient money is allocated for product and solution training and the Demographics of the respondents

5.65 Anova between I have the opportunity to be involved in activities that promote my Professional Development and the Demographics of the respondents

5.66 Agreement levels to Statement with regard to Supervisor

5.67 Descriptive Statistics for Agreement levels for Statement with regard to Supervisor

5.68 Agreement levels to Statement with regard to Career Development
5.69 Descriptive Statistics for Agreement levels for Statement with regard to Career Development
5.70 Agreement levels to Statement with regard to Balance between Work and Life
5.71 Descriptive Statistics for Agreement levels for Statements with regard to balance between Work and Life
5.72 Rating of chances of working in this company a year from now
5.73 Cross tabulation between Gender and Rating of chances of working in this company a year from now
5.74 Chi-square tests between Gender and Rating of chances of working in this company a year from now
5.75 Cross tabulation between Marital Status and Rating of chances of working in this company a year from now
5.76 Chi-square tests between Marital Status and Rating of chances of working in this company a year from now
5.77 Cross tabulation between Classification of bank in which the respondent is employed with and Rating of chances of working in this company a year from now
5.78 Chi-square tests between Classification of Bank in which the respondent is employed with and Rating of chances of working in this company a year from now
5.79 Cross tabulation between Gender and Intention to leave the company in the near future
5.80 Chi-square tests between Gender and Intention to leave the company in the near future
5.81 Cross tabulation between Marital Status and Intention to leave the company in the near future
5.82 Chi-square tests between Marital Status and Intention to leave the company in the near future
5.83 Cross tabulation between Classification of bank in which the respondent is employed with and Intention to leave the company in the near future
5.84  Chi-square tests between Classification of bank in which the respondent is employed with and Intention to leave the company in the near future 253

5.85  Cross tabulation between Gender and Plans for staying with this organization 254

5.86  Chi-square tests between Gender and Plans for staying with this organization 255

5.87  Cross tabulation between Marital Status and plans for staying with this organization 256

5.88  Chi-square tests between Marital Status and plans for staying with this organization 257

5.89  Cross tabulation between Classification of bank employed with and plans for staying with this organization 258

5.90  Chi-square tests between Classification of bank employed with and plans for staying with this organization 259

5.91  Analysis of the Effect of Commitment variables on Retention 261
