

ACKNOWLEDGEMENT

I have great pleasure in expressing my deep sense of indebtedness and heartfelt gratitude to Dr.S.H.Pawar, M.Sc.,Ph.D., Reader in Solid State Physics, for his expert and valuable guidance and encouragement given to me and deep interest throughout the progress of these investigations during the course of this work and his help in building this doctoral dissertation. I would like to thank Prof.R.N.Patil, Head, Department of Physics, Shivaji University, Kolhapur, for making available the necessary laboratory and departmental facilities.

The author wishes to acknowledge the help received from Mr.M.B.Patil Dr.V.J.Rao and Dr.S.S.Tavale from NCL Pune.

I am very much grateful to all my research colleagues who made valuable support to the present investigation. In particular the author wishes to acknowledge Dr.M.D.Uplane, Dr.Mrs.S.J.Kshirsagar, Dr.Mrs.J.S.Desai, Mr.A.J.Pawar, Mr.C.H.Bhosale, Dr.C.D.Lokhande and Dr.Miss S.P.Tamhankar.

The co-operation of the staff of the office is also thankfully appreciated. Thanks are also due to Mr.G.D.Mahadik and Mr.S.K.Jamadar for their help and to Mr.A.G.Gosavi for neat and tidy typing of the final manuscript.

Lastly, I wish to express my gratitude to my husband, Niwas, who is a source of encouragement. I like to remember my parents and in-laws and other member of my family whose goodwill and inspiration far exceeds what the words of appreciation can express.
