ACKNOWLEDGEMENT

Dedicated to Mata Vaishnodevi, Mata Bawe Wali & Khwaja Sahab

This thesis is truly a milestone of my life. The past three and a half years have been like reality check on both professional and personal front. In this journey of three years, I am deeply indebted to numerous individuals for their role in bringing this work into reality. It is sheer bliss to convey my gratitude to them in my meek words.

No quantum of words would justify my indebtedness towards my most valued research supervisor, Dr. Suvidha Khanna for her intellectual support & guidance. I will never leave an opportunity ever in boasting about the fact that I am the first candidate to pursue Ph.D under her supervision. Besides being my research supervisor, she is been a friend and well wisher. Without her valuable time, expertise and help, I would never be able to make it to this point.

It is my honor to express my sincere gratitude to Professor Deepak Raj Gupta, School of Hospitality & Tourism Management, University of Jammu for always being a support to me. His expertise & extensive experience has been instrumental in shaping this research work. I am grateful to Professor Parikshat Singh Manhas, Director, School of Hospitality & Tourism Management, University of Jammu for his support, encouragement and well wishes. I am grateful to him for giving me an open hand to learn and handle things on my own which has made me even better skilled.

Thank You Dr. Anil Gupta, Assistant Professor, The Business School, University of Jammu for your unreserved support and your constant advice and the willingness to share your thoughts and experiences with me.

I would like to thank Dr. Neelika Arora, Assistant Professor, Department of Human Resource Management, Central University of Jammu for her support, generosity and encouragement that has helped me to move ahead and cope up with the challenges of completing my research work.
I am grateful to Professor Vinay Chauhan & Dr. Komal Nagar for their love and encouragement in the form of their valuable inputs.

I am extremely grateful to two people specifically, Mr. Ashaq Hussain Najar, Assistant Professor Tourism, Department of Tourism Studies, Central University Kashmir and my co scholar Mrs. Shunali whom I can’t thank enough for unprecedented support and encouragement on both professional and personal front. The wonderful time spent with you guys is locked in my memories forever.

I also thank my senior Dr. Nidhi Pathania Dutta & my friend Mrs. Sandeva Vipul Khajuria for all their encouragement and moral boosting sessions. I will miss our endless tea/coffee/Maggie sessions in the times to come. My special thanks are reserved for my dear friend Ms. Nikita Dogra for all her unconditional help and rational advices that really helped me complete this research work.

I could not forget to thank Ratni Prima Lita from Andalas University Indonesia, EunHa Jeong from Purdue University United States, Kyung Ho Kang from Kyung Kee University South Korea, Eric S.W. Chan and Alice H.Y. Hon from The Hong Kong Polytechnic University Hong Kong and many others for all your support and encouragement.

My special thanks to the office and library staff of School of Hospitality & Tourism Management, University of Jammu. Without your support, it is impossible to progress in professional life. My heartfelt thanks are due to Dr. Preeti Salathia Government College for Women, Gandhi Nagar for sparing her valuable time and helping me with different research techniques. I sincerely want to thank my loving friends Mr. Sahil Dev Verma, Dr. Deepika Gupta, Ms. Vaaridhi Vairagi and Mrs Shuchita Vishesh Bakshii for all their support and love. I feel privileged to be surrounded by the loving company of Mr. Gaurav Kapoor and Mr. Jatin Malhotra who kept pushing me towards my target.

I am not very pro in expressing my love and gratitude to my loved ones in words. But these last few years I have realized how unconditional the love of
parents can be. Words would not be enough to describe my emotions and feelings for my parents. You both took the brunt of all my stress, mood swings, frustration and what not during the last few years. Writing this acknowledgement would be futile without thanking my mother Mrs. Jyotsana Arora who never said it in words but I know in her heart deep there she always wanted me to pursue Ph.D. I am thankful to almighty that I could make her wish a reality today. My father Mr. Jai Prakash Arora who himself is an engineer from Banaras Hindu University, Varanasi always wanted me to work in corporate and prosper. Though, my father never wanted me to leave corporate and pursue Ph.D but he supported me in all my endeavors emotionally and financially. During my continuous eleven failed attempts to qualify UGC NET since 2009 the support of my parents was unexplainable and I see me qualifying NET twice consecutively as the blessing of god and my parents. I am also thankful to Ms. Meenu Vij, Mrs. Veena Arora, Professor Shashi Kant, Professor Anil Raina, Dr. Ashwani Vohra, Dr. Shma Vohra, Dr. Alpna Vohra & Dr. Sakshi Arora for their love and blessings.
