It gives me immense pleasure to certify that Mr. Vikas Kumar Dakua, M.Sc. in Chemistry [NET-J.R.F. (CSIR) qualified] has carried out his research work embodied in the thesis entitled "Physico-Chemical Studies on Interactions Between Ion Solvent, Ion-Ion and Solvent-Solvent in Aqueous and Non-Aqueous Pure and Mixed Solvent Systems" based on his original works, under my supervision and guidance. He is submitting his thesis for the award of Doctor of Philosophy (Science) degree in Chemistry in accordance with the rules and regulations of the University of North Bengal.

I am much impressed for his keen interest and research aptitudes on such a difficult and interesting topic. In my opinion, he is fit and proper person for the degree of Doctor of Philosophy (Ph. D.) in Chemistry of the University of North Bengal.

I wish him every success in life.
