Acknowledgement

It is a pleasure to avail this golden opportunity to express my sincere regards and thanks to my most esteemed guide and mentor Dr. V.K. Misuriya, M.S. Associate Professor, Department of Ophthalmology M.L.B Medical College, Jhansi for his enlightened guidance which steered me towards the harbour of success. I am greatly thankful for the ceaseless attention, he has paid to my problems, always sparing a few moments for me even amidst the busiest of schedules without which this work would not have seen the light of day.

I owe a great sense of indebtedness to my most benevolent teacher Dr. B.S. Jain, M.S., Associate Professor, Department of Ophthalmology, M.L.B Medical College, Jhansi who provided mean opportunity to perform this work under his invaluable guidance. The memory of his ready and helpful cooperation and constant encouragement throughout the study will be etched in my mind till a long time.

I would be failing in my duty, if I did not express my gratitude to my most revered and learned teacher Dr. V.K. Misuriya, M.S., Associate Professor, Department of Ophthalmology, M.L.B Medical College, Jhansi for the
mature guidance, invaluable advice and kind supervision which helped me to complete this work.

I am very thankful to my dear wife Surabhi, who by her boundless cooperation, unconditional and firm support has been a constant source of inspiration and has kept me from faltering throughout this endeavour.

I would not be doing justice to my sister-in-law Suparna if I failed to mention her invaluable help, without which this work would have been a lot more difficult to complete.

Last but not the least, I am thankful to Mr. Rajendra Kumar Rai for the immense care and patience he has shown in typing out this manuscript.
