ACKNOWLEDGEMENTS

I am extremely obliged to **Dr. K.B. Vyas, Associate Professor of the Chemistry Department, Sheth L. H. Science College, Mansa, Gujarat University, Ahmedabad** for constantly inspiring me and supervising my doctoral research work. It need not be mentioned that without his kind guidance as well as brilliant scrutiny this work would not have seen the light of the day.

I feel deep sense of gratitude to Dr. Kiran S. Nimavat, Assistant Professor in Chemistry Department, Govt. Science College, Gandhinagar, Gujarat University.

I am thankful to Charotar Education Society, Anand for extending me laboratory and other facilities.

My gratitude is due to **Director Dr. D. S. Raj sir, Principal, M.B.Patel Science college, Anand** for his motivation in this endeavor. Without his inspiration and observation, the present doctoral work would have been mere imagination. I am thankful to my teaching staff, non-teaching staff and laboratory staff for their co-ordination and co-operation.

Let me express my gratitude to all my family members, my father Rameshbhai, Mother Champaben, my wife Smt. Hemangini, my lovely sons Rudra and Parth. who have always encouraged me.

Last but not the least, my sincere appreciations go to Dr. H. S. Patel and Dr. P. J. Shah for their valuable assistance.

I would also like to express my thanks to all my colleagues specially, Mr. DINESHGIR R.GOSAI for maintaining a warm and an encouraging atmosphere. They made my working in the lab very enjoyable. It is my duty to acknowledge all my friends for keeping their patience with me throughout my anxieties during the past years.

(J.R.Patel)
