Acknowledgement

In working towards my PhD thesis, there have been numerous individuals and organizations that have assisted me. Without their supports this thesis would not have been possible. First and foremost, I would like to thank my supervisor, Dr. Seema Verma, Associate Professor, Department of Electronics, Banasthali Vidyapith, Tonk for granting me the opportunity to work on the topic of this dissertation. During my work, she has provided me any support possible and has always been open for discussions and problems, both during the time of the work and during the writing of the thesis.

I would like to thank to Prof. Aditya Shastri, Vice Chancellor, Banasthali University for giving me the opportunity for doing research.. I endeavor my highest gratitude to him. I would also like to thank all research students of Department of Electronics, Banasthali Vidyapith and my faculty colleagues and students at RCEW Jaipur for their great support, especially the former and present faculty members of the Department of Electronics, Banasthali Vidyapith.

“During the work on my thesis, I was fortunate to collaborate with a number of researchers from MNIT Jaipur and other academic institutions. I would like to thank Dr. Ghanshyam Singh, Associate Professor and his research scholars, in particular Mr. Mukesh Kumar Gupta and Mr.
Gaurav Gupta, from Department of Electronics and Communication Engineering, Malaviya National Institute of Technology Jaipur and Dr. Manish Tiwari from Rajdhani College of Engineering Jaipur. I very much appreciate the collaboration with Department of Electronics and Communication Engineering, MNIT Jaipur and I am especially grateful that I had the opportunity to visit them and to work with their design and analytical facilities in optical domain at Department of Electronics and Communication Engineering, MNIT Jaipur. I spend a work-filled, nevertheless wonderful time there, thanks to their kindness and support”.

I also feel gratitude towards all scientists and researchers, whose published work helped me in completing the thesis. Their work has also been referenced appropriately as and when used in the thesis.

Last, but not the least I wish to thank my parents, my wife and lovely kids and other family members for their everlasting support and in particular for their love, understanding, and patience, during my research work.

(Ashok Kumar Sirohi)
