ACKNOWLEDGEMENTS

I am most grateful to my Supervisor, Professor P.N. Srivastava, FNA, for his excellent guidance and valuable discussions. His attitude of excessive encouragement lead to the development of independent thinking and trying of new ideas. It was a matter of privilege working under his unique supervision.

I am thankful to Professor P.C. Kesavan, Dean, School of Life Sciences, not only for providing the laboratory facilities, but also for fruitful discussions and taking active interest in my work; Professor Sivatosh Mookerjee, FNA, Ex-Dean, School of Life Sciences, for his encouragement; Dr A.R. Rao, who was most willing to help me in different ways. I was benefitted by his knowledge of radiation biology and by his presence in the laboratory; Dr Najma Zaheer Baquer and Dr M. Amin, for their help in solving biochemical and mathematical problems, respectively; Professor G.S. Singhal, for providing scientific literature; and Dr R.K. Kale, for discussions.

I am also thankful to Rajesh for his useful suggestions and help, right from the beginning and till the last moment, in more than one way; to all my laboratory mates for their cooperation and help; Shobha, Reddy, Rajasekhar, Kazmi and
Mayanil for their moral support; Nandu and Angeli, for their help in electrophoresis; Gaiti, for her meaningful discussions and suggestions during the initial part of the work, which were an added source of inspiration; Unita, for translating the literature from Japanese language; Mr K. Kishore, for administrative help; Mr A.C. Alexander and Mr B.A. Khan, for technical assistance, and Mr Ajit Singh for laboratory assistance.

I have special appreciation for the help rendered to me by Trivedi, Selvan, Gokul, Panigrahi, Iyene and Raghu, during the preparation of this thesis, which lead to its timely submission.

I am thankful to Mr R.N. Saini, for drawing line diagrams and Mr Rajendran for taking special interest in the reprographic work.

I must acknowledge the timely and free gifts of MPG and WR-2721, from Dr T. Sugahara, Director, Kyoto Medical Hospital, Kyoto, Japan.

The financial assistance provided by the Council of Scientific and Industrial Research, Government of India, is gratefully acknowledged.

Last but not the least, I owe very much to my friends who gave me company and my people at home who were always with me.

Vishnu S. Mishra
