ACKNOWLEDGEMENTS

I feel great pleasure in expressing my profound indebtedness to my thesis supervisor, Dr. Suphiya Khan, for providing valued guidance and encouragement that helped me in achieving the objectives and timely completing this thesis. I express my heartfelt appreciation for her moral support, generosity, and personal warmth, without which it would have been impossible to complete this thesis. Apart from my research work, he guided me to become a better human, to develop rational attitude and create an environment of mutual trust.

I would like to thank with immense pleasure and deep sense of gratification to my thesis co-supervisor Prof. Nishith Verma for cultivating me a strong interest in the wonderful field of Biomedical applications. His motivation and constructive criticism throughout my Ph.D. work spurred me to work harder, think deeply & rationally and learn more about subject. I will always be thankful for his wisdom, knowledge, and deep concern for me during my stay in IIT Kanpur. His guidance has enabled me to give successful shape to my thesis. It has been an honor to work with him.

I wish to express my profound sense of gratitude to Vice Chancellor of the University Prof. Aditya Shastri for providing me an opportunity to carry out research work at this prestigious institute of national repute.

I am also expressing my sincere gratitude to the Head, Dr. Vinay Sharma, Department of Biotechnology, Banasthali Vidyapith, for all the support and guidance he offered during my research work.

I am thankful to all my group members, particularly Neetu Talreja, Dr. Ajit Sharma, Rishabh Saraswat, Dr. Shraddha, Dr. Indu, Dr. Mekela, Bhaskar Bhaduri, Rahul, Naveen, Priyanka, Ratnakar, Agni Teja, Akshay Modi, Prateek Khare, Ashish, Harsha, Shelly, Yogendra, Aakash, Shiv and Khitij, who have worked with me during their research tenures. Thanks are due for Vijay ji and Shivshanker for their dedication in assembling the experimental test benches.

I would like to thank some special members Divya & Neetu has been a pleasant experience and moment of their association will surely be cherished forever.
A special thanks to Shruti Mishra, Avinash Gupta, and Subhash for their constant support. I would like to thank Dr. Nalini Sankaramakrishnan, CESE IIT Kanpur for allowing me use various facilities of her lab.

I am thankful to whole faculty members, Department of Chemical Engineering, Indian Institute of Technology, Kanpur, also, for their kind support as and when required. The help from the administrative staff, technical staff, instrumentation division, and library is greatly appreciated.

I would like to cherish the moral support, encouragement, and affection of my parents without which it would have been impossible for me to reach at this stage.

Banasthali

Mohammad Ashfaq
