

# CONTENTS

| <u>Chapter</u> | <u>Title</u>  | <u>Page</u>  |
|----------------|---|--------------|
| <b>1</b>       | <b>INTRODUCTION AND PRELIMINARIES</b>   | <b>01-19</b> |
|                | 1.1 Introduction  | 1            |
|                | 1.2 Review of Literature  | 3            |
|                | 1.3 Motivation of Present Work  | 7            |
|                | 1.4 Pre-requisite Definitions   | 10           |
|                | 1.5 Chapterwise Summary   | 13           |
| <b>2</b>       | <b>EXPONENTIATED SCALE FAMILY OF DISTRIBUTIONS</b>  | <b>20-63</b> |
|                | 2.1 Introduction  | 20           |
|                | 2.2 Point and Interval Estimation   | 33           |
|                | 2.3 Testing of Hypothesis   | 40           |
|                | 2.4 Applications  | 42           |
|                | 2.4.1 Exponentiated Gamma Distribution  | 42           |
|                | 2.4.2 Exponentiated Gumbel Distribution   | 47           |
|                | 2.5 Modified Exponentiated Scale Family of Distributions<br>to Accommodate Instantaneous Failures | 52           |
| <b>3</b>       | <b>EXPONENTIATED SCALE AND LOCATION FAMILY OF DISTRIBUTIONS</b>                                   | <b>64-96</b> |
|                | 3.1 Introduction.   | 64           |
|                | 3.2 Point and Interval Estimation   | 73           |
|                | 3.3 Testing of Hypothesis   | 77           |
|                | 3.4 Applications  | 79           |
|                | 3.4.1 Exponentiated Normal Distribution   | 79           |
|                | 3.4.2 Exponentiated Lognormal Distribution  | 88           |

| <u>Chapter</u> | <u>Title</u>  | <u>Page</u> |
|----------------|---|-------------|
| 4              | <b>ESTIMATION OF <math>R=P(Y&lt;X)</math> FOR EXPONENTIATED SCALE FAMILY OF DISTRIBUTIONS</b>       | 97-138      |
|                | 4.1 Introduction.   | 97          |
|                | 4.2 Estimation of R   | 100         |
|                | 4.3 Testing of R  | 113         |
|                | 4.4 Applications  | 115         |
|                | 4.4.1 Exponentiated Gamma Distribution  | 115         |
|                | 4.4.2 Exponentiated Gumbel Distribution   | 121         |
|                | 4.5 Bayesian Estimation of R Containing Spurious Observation  | 126         |
| 5              | <b>INFERENCE FOR EXPONENTIATED SCALE AND LOCATION FAMILY OF DISTRIBUTIONS BASED ON GROUPED DATA</b> | 139-151     |
|                | 5.1 Introduction  | 139         |
|                | 5.2 Maximum Likelihood Estimator  | 140         |
|                | 5.3 Confidence Interval and Testing   | 143         |
|                | 5.4 Tolerance Intervals   | 145         |
|                | 5.5 Application   | 148         |
|                | 5.6 Suggestions for Further Study   | 151         |
|                | <b>APPENDIX A</b>   | 152         |
|                | <b>APPENDIX B</b>   | 156         |
|                | <b>APPENDIX C</b>   | 159         |
|                | <b>BIBLIOGRAPHY</b>   | 163         |
