

Acknowledgement

I owe a never-ending debt to the Almighty God for granting me the wisdom, health, strength and support of my parents to undertake this research work and enabling me to complete it.

First of all, I would like to thank my supervisor **Dr. S.R.Singh** for his guidance, support and encouragement during my whole study. At many stages in the course of this research I was benefited from his advice, particularly so when exploring new ideas and for correcting various documents of mine with attention and care. His positive outlook and confidence in my research inspired me and gave me confidence. I am very grateful for his co-operation to make necessary corrections as and when needed.

I acknowledge the contribution of **Mr. Lokendra Kumar**, Asst. Professor, Department of Mathematics, Dr. K.N. Modi Institute of Engineering and Technology, Modinagar for constant support, helpful suggestions and critical comments. His talent and drive is a fundamental component to completing this thesis. Working with him is always a good experience for me. My success is his blessing. I would always be thankful to him.

My deep sense of gratitude is due to the Vice-Chancellor of Banasthali University, **Prof. Aditya Shastri** for his generous support and amenities to provide me to pursue doctoral programs. I would like to thank the Board of Research Studies', **Banasthali University, Banasthali (Rajasthan)** for their support at various phases of the program.

My appreciation goes to **H.L. Mittal, Vimlesh Tanwar, Narayan Singh** and all the other members of the academic section for their supportive nature and respective roles in connection with the thesis preparation procedure.

I wish to express my deepest and most sincere gratitude to my parents for their inspiration, everlasting love and moral support during my study. Their belief in me fortified my belief in myself. I also want to thank my sisters and brother for being there for me at all times.

Towards the end, I would also like to thank all my dear friends and my fellow researchers whom I consider to be a part of my extended family, for the invaluable discussions and brainstorming sessions that I had with them. I am also very grateful to all the people who directly and indirectly inspired me and gave me the courage to complete my dream.

Thanks to one and all.

(Kavita Devi)
