## Chapter 1

**INTRODUCTION**  1-16

- Adolescents  1
- School  2
- School Environment  2
- Significance of School Climate for Students' Learning and Development  4
- Other Importance of Positive School Psychological Well-Being  7
- Justification  8
- Statement of the Problem  13
- Objectives  15
- Operational definitions  15
Delimitations

Chapter 2
LITERATURE REVIEW
School Environment
Impact of school Environment on students
Psychological Well-Being
Research Gap

Chapter 3
METHODOLOGY
Introduction
Hypotheses
Research Methods and Approaches
Research Design
Methods Followed
Locale of the Study
Population, sample and sampling design
Collection of Data
Variables used in the study
Selection and description of the tools used
Data analysis and statistics used

Chapter 4
RESULTS AND DISCUSSIONS

Section 4.1- Assessing the level of school environment and determining of relationship between gender and school environments

Section 4.2- Assessing the level of psychological well-being and determining of relationship between gender and psychological well-being

Section 4.3- Interpretation of the relationship between school environment (and all factors) and psychological well-being (and all components).

Chapter 5

SUMMARY AND CONCLUSION

Introduction
Methodology
Major Findings
Conclusions
Suggestions for teachers
Recommendations for further research
Implications for the study
