ACKNOWLEDGEMENT

The Researcher has started his investigation on the problem of Financial Committees of Tamil Nadu Legislature since 1955 under the able and inspiring guidance of Dr. S. Ramanathan, Reader, Department of Politics and Public Administration who passed away at the final stage of this work. Any expression would not suffice to describe my deep feeling of gratitude for his highly significant contribution to the author's research work. Late Dr. S. Ramanathan's cheerful welcome, encouraging interest and expert guidance lightened the burden and the perplexity of a novice.

It would not have been possible for the Scholar to continue the work without the timely guidance of Dr. C. S. Perunal, Professor & Head, Department of Politics and Public Administration. The cheerful disposition, genuine concern for research scholars and willing to take pains in putting them to work and guided with encouragement and sympathy desperately needed to the scholar and the thesis would not have seen the light of the day without his help. The Scholar extended his thanks to the officers and staff of the Tamil Legislative Assembly Department and other Heads of Departments, Chairmen and Members of the Financial Committees, who unhesitatingly spared their time to share their knowledge and experience with him.
