Acknowledgement

First and foremost, I owe profound debt of gratitude to my research supervisor Dr. Vishal Singh Chandel, Associate Professor, Department of Physics, Integral University, Lucknow for introducing the present research topic and for inspiring guidance, constructive criticism, helpful discussions and constant encouragement towards the completion of this research work.

Grateful acknowledgement goes to my co-supervisor Dr. Ameer Azam, Associate Professor, Department of Applied Physics, Z. H. College of Engg. & Tech., Aligarh Muslim University, Aligarh for his collaboration and valuable suggestions. Dr. Ameer Azam always provided the necessary research facilities, without which the completion of the present research work would have been extremely difficult.

My sincere appreciation also extends to Prof. Alim Husain Naqvi, Co-ordinator, Centre of Excellence in Materials Science (Nanomaterials), Department of Applied Physics, A. M. U., Aligarh and Dr. M. Wasi Khan (Assistant Professor, A. M. U., Aligarh) for their co-operation and support.

I am privileged to thank Prof. S. W. Akhtar, honourable Vice-Chancellor, Integral University and Prof. Irfan Ali Khan, Registrar, Integral University for providing facilities at various stages.

My special thanks to all those people who helped me in several characterizations, especially to Dr. Manoj Kumar Singh, Principal Investigator, University of Aveiro, Portugal for FESEM and HRTEM, Dr. Shabbir Ahmad (Associate Professor, A. M. U., Aligarh) for FTIR analysis, Dr. Rajiv Manohar (Associate Professor, Lucknow University) for DSC. I would also like to express my appreciations to the Department of Chemistry, IIT Kanpur, Kanpur for EPR characterization.
I sincerely thank to all my friends, especially, Mr. Mazid Munshi (Research Fellow, Norwegian University of Science & Technology, Trondheim, Norway) for providing me various papers from international journals related to my research work, Mr. Sahinur Reja (Research Fellow, Cambridge University, U.K.), Mr. Arham Shareef (Senior Research Fellow, A.M.U., Aligarh), Mr. Jane Alam (Research Fellow, A.M.U., Aligarh), Mr. Faheem Ahmad and Mr. Shafeeq Anwar (Research Fellow, South Korea), Mr. Syed Mohd Amir (Research Fellow, IUC, Indore), Dr. Satyendra Veer Vikram (Integral University), Mr. Mohd. Sharique (Research Fellow, Integral University) for their constant help and healthy discussions. Although, it is very difficult to record my appreciations in this small space, I will feel guilty if I miss the opportunity to thank my colleagues Mr. Mohd Avaish, Mr. Moiz Ahmad, Dr. Mohd Danish Siddiqui, Mr. Mahfooz-ur-rahaman for supporting and encouraging me during my entire research work.

Lastly, I would like to thank my parents and all other family members for their support and love, in all my life, which has proved to be a constant source of strength for every work which I had undertaken during my research project.
