

ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to my Guide, **Prof. M.M.M.Sarcar**. Working with my guide, in my opinion, is the best thing that a Ph.D student can wish for. He perfectly understands the character of his students. He believes in his students and he provides the best conditions for blossoming of intellectual qualities and creative thinking. When presented with a new idea, he is humble enough to think about the subject twice, but at the same time, he is quick to find and remind the flaws.

I express my deep sense of gratitude and appreciation to **Prof. P.Madar Valli**, for his valuable guidance. His sincere interest, support and constant encouragement during the research work have helped me in completing the thesis.

I am particularly thankful to **Prof. B.Surendra Babu** for his help in carrying out this work.

I express my sincere thanks to **Prof. Ch.V.R.Murthy** for his help in carrying out this work.

I am also thankful to my beloved teachers, friends, well wishers for their moral support, encouragement in completing this work.

I pay respect to my father **V.Venkata Rao** and mother **V.Parvathi** who always encouraged me to process my further studies and remained a constant inspiration to me in completing the work.

Last but not least, my deepest gratitude goes to my husband **P.V.Raj Gopal** and son **P.Gourav Pragvamsa** for their understanding and cooperation extended throughout the period to complete my work.
