ACKNOWLEDGEMENTS

As I started this journey of research, I have had the pleasure of meeting people who have touched my life in a special way.... Now as I come towards the completion of my thesis work I would like to seize this opportunity to thank all those who have contributed to the fulfillment of this dream, each in their own special way....

I express my sincere gratitude to my respected guide, Prof. B. Ganga Rao, University College of Pharmaceutical Sciences, Andhra University, Visakhapatnam, for his excellent guidance, motivation, patience and moral support which has resulted in the completion of this thesis work. It is indeed with great pride and pleasure that I submit this dissertation work as his student.

I acknowledge my gratitude to the World Bank funded Indian Council of Agricultural Research / National Agricultural Innovation Project (ICAR/NAIP), Government of India, New Delhi for bestowing me with Senior Research Fellow (SRF) scholarship which enabled me to carry out my research work successfully.

I express my sincere thanks and respect to Prof. S. Ganapaty, Principal, University College of Pharmaceutical Sciences, Andhra University for his constant support, encouragement and providing necessary research facilities.

My respectable gratitude to Prof. K.P.R. Chowdhary (Retd.), Dept of Pharmaceutical Technology, Prof. T. Satyanarayana (Retd.), Dept. of Pharmacognosy and Phytochemistry, Prof. P. Rajeswara Rao, Prof. A. Annapurna, Dr. K. Eswar Kumar Dept. of Pharmacology, Prof. K. V. Ramana Murthy, Prof. J. Vijayaratna, Dept. of Pharmaceutical Technology and Prof. Y. Rajendra Prasad, Dept. of Pharmaceutical Chemistry, Prof. D. Gowri Sankar, Dr. A. K. M. Pawar, Dept. of Pharmaceutical Analysis and Prof. G. Girija Sankar, Dept. of Pharmaceutical Biotechnology, University College of Pharmaceutical Sciences, Andhra University, for their ready help and valuable suggestions during the course of my work.

My sincere thanks to Prof. M. Venkaiah and Dr. P. Prayaga Murthy, Department of Botany, Andhra University for their help in the identification of the selected plant. I specially thank Prof. A. Subrahmanyeswara Rao, Principal Scientist and G. Guru Raja Kiran, Research Scholar, Acharya N.G.Ranga Agricultural University for their help in the identification and collection of the selected plant.
I take this opportunity to extend my gratitude to Prof. Alexander I. Gray, Strathclyde Institute of Pharmacy and Biomedical Sciences, University of Strathclyde, Glasgow, UK for his help in structural elucidation of isolated compounds. I specially thank Dr. John Igoli, Post Doctoral Fellow for his help in developing the NMR spectra to my samples.

I am indebted to Karin Grolimund and Christian Thalmann, Sales Department, Lipoid AG, Sennweidstrasse 44, CH-6312, Switzerland for sending the gift samples of lipids which helped me a lot in carrying the liposomal formulation work.

I am deeply touched by the prompt response to my queries from Nitin Swarnakar, Research Associate, National Institute of Pharmaceutical Education and Research (NIPER), Mohali. My special thanks to Gummalla Pitchaiah, Research Scholar, Dept. of Pharmacology for his great help. I thank A. Sudheer, Research Scholar for his help in DSC-TGA studies. My respectable gratitude to Dr. Ramesh MBBS, M.D. Chief Pathologist, Lazarus Hospital and Dr. Balaji Path MBBS, M.D., King George Hospital, Visakhapatnam for their valuable guidance of histology of tumors. I am obliged to Sudhakar Beeravalli, Research Scholar, Dept. of Pharmaceutical Technology for his valuable suggestions for my research work. I specially thank Dr. G.K. Phani Kumar, I. Pallavan, E. Samba Siva Rao, D. V. S Praneeth, T. Mallikharjuna Rao, M. Srikanth, T. Rajananda Swamy, D. Srinivas, J. Ravikumar, B. Venkata Ramana, D. Chandra Kumari and M. Lakshminarayana for their valuable help. I express my great appreciation to all my fellow research scholars and post-graduate students for their cooperation during my research. I acknowledge the valued help of administrative staff and non-teaching staff of University College of Pharmaceutical Sciences, Andhra University.

Words have no power to convey my deepest appreciation to my beloved parents Sri. Parvathaneni Venkateswara Rao and Smt. Parvathaneni Ganga Bhavani and all other family members and friends for their love, encouragement, prayers and patient bearing of all my tantrums during the difficult times in my research work.

The sacrifice made by the animals in my study will never go waste as it is meant for the upliftment of the human race.
