ACKNOWLEDGEMENTS

I bow my head in the sacred and serene feet of the almighty for showering blessings and love over me and all the entity of cosmos.

I feel elated and overwhelmed with rejoice to avail this rare opportunity to divulge my innate sense of reverence and gratitude to Dr. Atul Kumar Johri, Assist. Professor, School of Life Sciences, JNU and my supervisor, for his unflinching encouragement, indefatigable guidance, ingenious and constructive criticism, amicable attitude throughout. Without his valuable supervision, I might not complete this work.

I acknowledge present Dean, Prof. R. Madhubala, and former Deans, Prof. R.K. Kale, Prof. P.K. Yadav and Prof. R.N.K. Bamezai, for providing excellent facilities during the course of this work.

I sincerely extend my deep gratitude to Dr. Meenakshi Dua, School of Environmental Sciences, JNU for her constructive attention, valuable guidance and moral support throughout my studies.

A special word of thanks to Prof. Rajendra Prasad, Rector, JNU for allowing us to use JNU capacity build up fund for the proteomics work. I am also very thankful to Department of Biotechnology, Govt. of India for providing the necessary funds to conduct the study.

I am also very thankful to Dr. Steven Gygi, Department of Cell Biology, Harvard Medical School, Harvard University, Boston, MA, USA for the proteomics analysis.

I am overwhelmed with love and care, to evince my heart appreciation to my lab mates Dr. Vikas, Puja, Hemplata, Hemant, Deepak, Manoj, Pratap, Naveen, Sarita, Manju, Lovely, Barkha, Dimple, Anu, Takshshila, Ruby, Arpna and Shailendra who have given me good company throughout and helped me in innumerable ways. I extend thanks to all trainees-cum-friends for their valuable support.

I have countless words to cherish the company of my friends Manoj, Virendra, Abhishek, Manish, Ajayveer, Naveen, Tanvi, Anshuman, Mandavi, Manoranjan, Piyush, Babita and others.

I am also thankful to unending list of people belonging to SLS family, like Mr. R. N. Saini, Mr. B. A. Khan, Mr. A. C. Alexander, Mr. S. K. Mishra, Mr. S. P. Sharma, Rajendra, Aslam and Balwant of the central Instrument Facility for extending their help in day to day work. Meenu and Shinye mam of SLS office deserves special mention for her friendly and caring attitude.

I would like to thank all my batchmates, seniors and juniors in JNU to provide me nice company during stay in JNU.
I would like to express my immense love and thanks to my wife Pratibha. It would be tough task to complete this investigation without her continuous support.

Finally, I express my heartiest sense of reverence, respect and immense love to my most venerable grandfather (Sh. Bal Krishna Sharma), Nana ji (Sh. Siyaram Sharma), Nani ji and parents (father Sh. Radha Krishna Sharma and mother Smt. Usha Sharma) for their moral support and love.

I also wish my affectionate thanks to my younger brother Kake and Rashik and my sister Shweta for nice support.

I am thankful to all my family members and relatives who were always ready to help and support me directly or indirectly especially my chacha ji, chachi ji, bua ji, fufa ji, mama ji, mami ji, mausi ji, mausa ji and all cousins.

I extend my affectionate thanks to my father in law, mother in law, Sumit, Poonam, Sandeep bhai and Anjana for their moral support during my research work.

I am also grateful to Kamlesh, Sohan, Babita and Vijender who earnestly helped me to carryout my experimental work.

Financial assistance form UGC in the form of JRF and SRF is gratefully acknowledged.

Abhinay Sharma
