ACKNOWLEDGEMENTS

It gives me profound pleasure to express my deep gratitude to Dr. A. Ramesha Rao, Associate Professor, School of Life Sciences, JNU, who not only introduced me to the fascinating field of Cancer Biology but also enriched me with a very able guidance, innovative ideas, apt suggestions and constructive criticisms although the course of the present work.

I am deeply indebted also to my supervisor, Professor J.M. Dave, School of Environmental Sciences, JNU, for his keen interest, valuable discussions and critical appreciations during this study.

I owe sincere thanks to Professor H.K. Das, Dean, School of Environmental Sciences, JNU and Professor Asis Datta, Dean, School of Life Sciences, for providing me all the facilities of Instrumentation units of both the schools.

I am extremely grateful to Dr. Narendra Gupta, Senior Scientist, Genetics Division, Nuclear Research Laboratory for all his help to me in photomicrography.

My sincere thanks are due to all my colleagues of Cancer Biology laboratory and Radiation Biology laboratory for their cooperation and understanding.
towards me. It is a pleasure also to extend my sincere and especial thanks to Gokul Das, T.V.G. Rao, Indranil Das Gupta and Dr (Mrs) Mira Ghosh who rendered their help in various ways for the progress of this work.

I am highly grateful to Mr. Chinmoy Nath, CSRD, JNU for skilful drawing of the line diagrams and efficient photographic works while to Mrs. Rita Nath for her constant moral support offered to me.

My sincere thanks are also due to Mr. Gajanan Hegde for his painstaking typing of the manuscript, to Mr. Alexander for his excellent technical assistance in the instrument room and to Mr. Ajit Singh and Ajad Singh for their assistance in the laboratory.

I gratefully acknowledge the financial support provided to me for this work by Indian Council of Medical Research.

Finally, words fail to give any form of my inmost feelings of heart towards my parents, my brother and my friends, Amita, Sumita, Purabi, Dilip, Zehra, Rina and Vidyut whose most silent but most dynamic inspirations remained the main source of my mental strength and generated tremendous confidence in me althroughout.

ANURADHA SINHA.
