A Word of Gratitude

I gratefully acknowledge my deep sense of gratitude to my reverend Supervisor Prof. D. Kishore, (Ex-Head Department of chemistry, Dean, Administration, and offg. Secretary Banasthali University), who provided me the opportunity to do research in the field of my interest in organic chemistry. His constant guidance, invaluable advice, suggestions, highly knowledgeable, illuminating ideas, critical evaluation and expert direction in designing and execution of the present research work in the best possible way, has always been a constant source of inspiration and motivation in my research works.

He educated me on different aspects of the subject, reflected on me the importance of work discipline and encouraged me to reach much above my natural abilities. His support, concern and help were available throughout the work. I am extremely fortunate to have been trained and initiated into this scientific world in his able guidance. His dedication to science and his pursuit of knowledge will ever remain ingrained in my heart and be a source of inspiration to me. I am happy and indebted that I carried out this work in his supervision, to put in my best.
