

# List of Publications

---

## A. Papers Published

- Malu Girish and Murnal Pranesh (2013) "Base Isolation: A Fresh Insight", *Proceedings of National Conference on Research and Developments in Structural Engineering*, Sakharale, India, Paper No. 16, 142-147
- Malu Girish and Murnal Pranesh (2013) "Sliding Isolation Systems: State-of-the-Art Review", *Special Issue IOSR Journal of Mechanical and Civil Engineering*, Vol.6, 31-35
- Malu Girish and Murnal Pranesh (2012) "Comparative study of sliding isolation system for low frequency ground motions", *15<sup>th</sup> World Conference on Earthquake Engineering*, Lisbon, Portugal, Paper No. 4606
- Malu Girish and Murnal Pranesh (2010) "Behavior of structure with VFPI during near-field ground motion", *Proceeding of International Conference on Innovative World of Structural Engineering*, Aurangabad, India, Vol. 1, 166-174
- Malu Girish (2009) "Base isolation for earthquake resistant design of structures", *Proceeding of National Workshop on Earthquake and Design of Earthquake Resistant Structure*, Budhgaon, India
- Murnal Pranesh and G. M. Malu (2007) "Selection of VFPI parameters for isolation effectiveness during near-field ground motion", *Proceeding of 8<sup>th</sup> Pacific Conference on Earthquake Engineering*, Singapore, Paper No. 116

## B. Papers Accepted

- Malu Girish and Murnal Pranesh "Variable Coefficient of Friction: An effective VFPI parameter to control near-fault ground motion", *ISET Journal of Earthquake Technology*

## C. Papers Communicated

- Malu Girish and Murnal Pranesh "Comparative study of sliding isolation system for near-fault ground motions", *International Journal of Civil and Structural Engineering*
