First of all I would like to thank Prof. Dr. Pranesh Murnal who is presently working as a Professor and Head of Applied Mechanics Department at Government College of Engineering, Aurangabad (and formerly at Government College of Engineering, Karad) for guiding me through this doctoral process. I am extremely grateful to him for all his invaluable guidance and kind suggestions during all the phases of my Ph.D. work. His ever encouraging attitude, guidance and whole hearted help were biggest motivation for me in completing this project.

I am thankful to the founder Chairman Late Dr. J. J. Magdum and the Chairman Mr. Vijayraj J. Magdum of Dr. J. J. Magdum College of Engineering, Jaysingpur, for their encouragement and allowing for external registering for Ph.D. work. I am very grateful to Dr. P. R. Mutgi, Principal, Prof. A. K. Gupta, Vice Principal, Dr. J. J. Magdum College of Engineering, Jaysingpur for motivating me for research work and also for sanctioning required funds for the research work. Also I am thankful to Prof D. B. Desai, Head, Department of Civil Engineering for providing support and sanctioning necessary study leaves. I am also thankful to Prof. R. S. Chougule, Prof. Dr. A. S. Yadav and Prof. J. S. Lambe for supporting me academically.

I am thankful to Dr. A. S. Pant, Principal, Government College of Engineering, Karad (Satara) for advising and allowing me to make use of the facilities of the Institute.

I would like to express my deep gratitude to Dr. J. G. Kori and Er. S. P. Kumbhar for their blessings, suggestions and instructive advice.

My overwhelming thanks go to my wife Mrs. Kavita, daughters Ms. Anagha, and Ms. Sejal, my father Er. Manohar, my mother Mrs. Vasanti, my brother Ar. Umesh who have been there for me through this entire process. I truly appreciate for the support extended by them.

Lastly I thank all the persons who have guided and helped me directly or indirectly.
