ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude and thanks to my supervisor Prof. C.K. Varshney for his guidance, constant help and encouragement during the course of this study. I am especially grateful to him for his patience and uniring efforts during the completion phase of my thesis work.

I am grateful to Prof. P.S. Ramakrishnan, Dean, SES for extending necessary facilities.

Senior Research Fellowship provided by the University Grants Commission is gratefully acknowledged.

I thank Dr. Brij Gopal for his help and unstinting support during the completion of this work.

I am grateful to Venkat for his help, cooperation and most of all his patience.

I would also like to thank my labmates, Maneesha, Padhy, Deepa and Azeem for providing a very cordial working atmosphere.

With pleasure I remember my friends, Pratishtha, Jyoti, Anand, Somnath, Chandan, Rajkumar, Ranoo, Swati, Shanuja who ensured that there is no dull moment in life, academically or otherwise.

It would be a sacrilege to record any formal words of gratitude to Didon and Babunda, and Tarun who were always there to extend all possible help and support.
