ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my supervisor, Professor H.S. Chopra, who inspite of his busy schedule, supervised my work thoroughly and rendered valuable suggestions. He always showed me the utmost kindness and concern. In fact, without his guidance and encouragement this work would not have been completed.

I would sincerely like to thank Professor B. Vivekanandan for the help he rendered in the successful completion of this thesis.

I am deeply indebted to my beloved parents and sister for their affection and moral support.

I am also thankful to persons like Chitra Chaudhary, Shiva Kumar, Seema, Maushumi, T.S. Rama Naik and Salam for their affection, advice and help at various levels during the course of my research work.

I have completed this study with the help of the primary and secondary source material available at various libraries. In this connection, special mention may be made to the libraries of the Jawaharlal Nehru University, New Delhi; Eureka Secretariat, Brussels; Documentation Centre of the Delegation of the European Communities in Delhi; Institute for Defence Studies and Analyses; American Centre and the Embassy of France. I am thankful to the Librarians and staff of all these libraries for all the assistance they had provided to me.

Finally I would like to thank Shudh Swaroop who typed with utmost dedication this thesis and its earlier draft.

The responsibility for any error in this work, however, is mine.
