ACKNOWLEDGEMENT

Let me first thank god profusely for his merciful grace in giving me the strength and the congenial atmosphere. I needed and endless blessings showered upon me, in each and every moment of my life and especially during this research work.

I am enlited to express my gratitude to the most venerated Research Supervisor and Guide Dr. K. Srinivasan, M.Sc., M.Phil., Ph.D., Professor and Head, Department of Physics, Government College of Engineering, Salem, Tamil Nadu, India. I whole heartedly thank him for his generous guidance, gracious support and sacrificing his valuable time. I am deeply indebted to him for his meticulous corrections and comments that helped a lot in my research work.

Let me express my sincere gratitude to Dr. K. R. Murali, Senior Scientist, CECRI, Karikudi, Tamil Nadu, India, Dr. G. Shankar, Assistant Professor of Physics, GCE, Salem-11, for his kindness, valuable support and encouragement.

I am extremely grateful to Haji. S. Ziauddin Ahmed Saheb, Chairman, Haji. V.M. Abdul Latheef Saheb, Correspondent, Dr. A. Kumar, Principal, Prof. U. Peer, Dean, Mr. Z. Abdul Vaheith, HOD, teaching and non-teaching staff members of department of Science & Humanities, C. Abdul Hakeem College of Engineering & Technology, for their continuous support and encouragement.

My sincere and heartfelt thanks are due to my beloved parents, sister and brother for their blessing. Finally I am greatly indebted to all my friends, who supported me and helped a lot.
