

## ACKNOWLEDGEMENT

I wish to express my profound sense of gratitude to my supervising teacher, Dr. C.K. Radhakrishnan, Senior Lecturer, Division of Marine Biology, School of Marine sciences, Cochin University of Science and Technology for his professional guidance, correctives and constant encouragement during the entire tenure of this study and in the preparation of this thesis. I will always cherish the love and affection he has given me during the course of my work.

Special thanks are due to Prof. (Dr.) N. Ravindranatha Menon, Director, School of Marine Sciences, and Head, Division of Marine biology, Microbiology and Biochemistry, School of Marine Sciences, Cochin University of Science and Technology for providing me with all the necessary facilities to carry out the research work. His timely suggestions and encouragement are whole-heartedly acknowledged.

I also wish to record my sincere gratitude to Prof. (Dr.) Y.L. Dora, former Director, School of Marine Sciences, for his timely help, encouragement and valuable suggestions during the course of my study. Thanks are also due to late Prof. (Dr.) P.N.K. Nambisan, former Director, School of Marine Sciences for his suggestions.

I express my sincere gratitude to Dr. M.K. George, Scientist, CMFRI, Cochin, for his helpful suggestions during the entire tenure of my research work and for critically going through the manuscript.

Let me express my sincere gratitude to Mr.Krishnayyar, Principal Scientist, CIFT, Cochin, Dr. K.A. Scariah and Mr. Sathyanathan, Scientists, CMFRI, Cochin for their help during the statistical analysis of the data, during the preparation of this thesis.

Thanks are also due to Dr. A. Mohandas, Head, School of Environmental studies, Cochin University of Science and Technology, for permitting me to avail of the lab facilities of his department.

I also wish to place on record my love and indebtedness to Dr. K.J. Joseph and Dr. K.Y. Mohammed Salih, Readers, Division of Marine biology, Microbiology and Biochemistry for their co-operation and encouragement for the successful completion of my work.

May I also make use of this opportunity to express my deep sense of love and gratitude to my friends, Dr. Philip Mathew, Miss. Shiny Sreedhar, Dr. K. Suresh, Mr. A.K. Unnithan, Dr. K. Ashok and Dr. P.G. Suresh for their unfailing help and sustained co-operation. Thanks are also due to several of my friends who were helpful to me in one way or other, in the successful completion of my research work.

Sincere thanks are also due to Mr. Jolly, Channel-9, Cochin for his help in the preparation of the photomicrographs. I have received utmost co-operation and goodwill from the boat-crew, School of Marine Sciences, which deserves special mention.

I have received utmost encouragement, love and appreciation from my mother and the elders at home, and any expression of gratitude will be inadequate.

This thesis has come out in the present form through the assistance of Mr. M.G. Mani, Mrs. V. Dhanasree and Mr. M.K. Sasi for which I thank them specially.

Last, but not the least, I express my gratitude to Authorities of the Cochin University of Science and Technology, for the award of Research Fellowship, during the tenure of which, the present work was carried out.
