Acknowledgements

Looking back I am satisfied and grateful to all those whose efforts have made a contribution in shaping my personality and making me realize my potential for a positive outlook and to onset my role in the research arena. I have been helped and encouraged by many people and I am indebted to them all but there are few whom I would like to make special thanks.

I am immensely thankful to my spiritual Guide, Shri H.H. Sant Rajinder Singh Ji Maharaj, head of Science of spirituality (SOS), Sawan Kirpal Ruhani Mission and Darshan Education foundation, at whose lotus feet I earned the knowledge of spirituality as mother of all sciences.

This work would not have been possible without the encouragement, guidance and constant support from my Co-supervisor, Dr. D.V. Amla, Ex-Deputy Director, CSIR-National Botanical Research Institute, Lucknow. With great respect I acknowledge his contribution to bring this work in a concrete shape. I am really grateful to him for constructive criticism and scientific discussions, which helped me to grow more and more as an independent researcher. This work owes a lot to him. Words are few to express my respect and gratitude to Sir for his affection and understanding.

I am thankful to Dr. Bhuminath Tripathi, Associate Professor, Department of Botany, Guru Ghasidas University, Bilaspur and Prof. Vinay Sharma, Department of Bioscience and Biotechnology, Banasthali Vidyapith, Banasthali, Rajasthan for their inspiring support, consistent encouragement and keen interest in my work.

I express my acknowledgement to Dr. C.S. Nautiyal, Director, CSIR-National Botanical Research Institute for providing me the opportunity and infrastructure to pursue my research work at CSIR-NBRI, Lucknow. I express my sincere thanks to Prof. I. Altosaar, University of Ottawa, Canada for providing synthetic Bt cry1A genes, Dr. P. Nath, Dr. B.N. Srivastava, Dr. S.K. Raj, Dr. U.V. Pathre, Dr. S. Sawant Dr. P.K. Singh and Dr. Chandrashekhar for their words of encouragement and support. I also thank Dr. Vidhu Sane and Dr. A.P. Sane for timely arranging for radioactivity to carry out my experiments.
A very special thanks Dr. Indraneel Sanyal. Although he is not my research guide he always played the role of a friend, philosopher and guide. He always made me realize that along with research work, entertainment is also necessary and therefore, he often made all the lab members to laugh thus dissipating the tensions.

I am highly indebted and obliged to my senior colleagues Dr. Sugandha Srivastava, Dr. Saurabh Agarwal, Dr. Meenakshi Agarwal, Dr. Smriti Trivedi and Dr. Shweta Jha for their timely help and support throughout my research work.

I feel honored to have Ms. Reena Yadav, Ms. Rani Singh and Mr. Saurabh Pandey as lab members who always stood by me whenever I needed their co-operation. I highly appreciate the help rendered by Mr. Ashish, Mr. Rohan, Ms. Amrita, Ms. Madhu, and Ms. Komal who helped me during their summer training. My special thanks to Mr. Yogeswar Vikram Dhar who helped me in using Bioinformatics tools, Mr. Avinash Little for carrying out photography work, Mr. S.M.H. Abidi and Mr. Rajesh Srivastava for insect bioassay studies.

I owe my thanks to Mr. Deepak Srivastava for helping me in typing, Late Shri Raja Ram, Mr. Raj Kumar, Mr. Mohle Prasad and Mr. Ashok Kumar for helping me in official work, cleaning glassware and glasshouse maintenance.

I am also thankful to the office staff and technical staff of Banasthali Vidyapith who often quickly solved my problems on telephone.

Financial support provided by Council of Scientific and Industrial Research in the form of Senior Research Fellowship.

Finally, I am deeply indebted to my parents for their constant moral support and encouragement throughout these five years.

In a nutshell my experiences during my thesis have taught me and nurtured with the enthusiasm to work hard and do quality research.
