ACKNOWLEDGEMENT

At the outset let me express my gratitude towards the All Mighty for giving me the motivation and hope to present this work.

Let me express my heartfelt gratitude towards the Chancellor and Vice Chancellor who gave their kind consent to carry on this work and providing support throughout this work.

Let me thank the Dean, Dr. Kamal Bansal, for his constant guidance and help for a complacent of the current work.

The constant beacon of light and the edifice of the work has been Dr. Piyush Kuchhal and any amount of gratitude would fall short for the kind of contribution towards making of the work. The source of the idea and the implementation would not take its current shape without his guidance. He has been a great source motivation, friendliness throughout the work.

Let me thank Dr. Adesh Kumar for his constant motivation and help.

I would be failing in my duties if I don’t thank my friend Raj Gaurav Mishra for his help and support. I also thank all my friends, especially Tarun Kumar and Narendra Soni, who lent constant motivation and support.

I would be very much thankful to Dr. Parag Divan, the Ex-Vice Chancellor, for his kindness and support.

The greatest sense of acknowledgement would go to my family members who have been in the roots of whatever I am and have achieved my life including this work.
