

**!! ACKNOWLEDGEMENTS !!**

It is devine pleasure to express a deep sense of gratitude towards Dr. S.T. Tilak Professor of Botany, Aerobiology Laboratory, Marathwada University, Aurangabad under whose guidance the present work has been carried out. Inspite of his various engagements he has taken a great interest in my research work and I shall remain ever grateful to him for his inspiring guidance and unflailing efforts to bring this work to the completion.

Grateful thanks are due to the U.G.C. New Delhi, and the authorities of Marathwada University, Aurangabad for the award of teacher fellowship.

I extend my heartiest thanks to the authorities of Vinayakrao Patil Mahavidyalaya, Vaijapur for granting the study leave to take up the fellowship.

My gratitude is also due to R.R. Borade Principal; Dr. D.A. Mane, Shri G.B. Shinde & Vinayakrao Patil Mahavidyalaya, Vaijapur and Shri B.Y. Patil Research fellow Botany Department, Marathwada University, Aurangabad for their help and encouragement.

I will be failing in my duties if I could not record my sincere thanks to all Research Scholars of the Aerobiology Laboratory for ungrudgingly helping me in various ways.

My special thanks are due to Shri V.A. Choudhary for his help in Photography. I am equally thanks to Shri Sapkal P.P. for typing this Thesis.

I am also grateful to my wife Savita and other members of my family who kept me free from domestic worries during my research.

I have no words to express my indebtedness to my parents and brother Shri Bhagwanrao Patil for their constant inspiration and encouragement which enabled me to reach up to this stage.

Aurangabad.

June 1983.

( C. R. Patil )
