ACKNOWLEDGEMENT

At the outset, I submit that it is by the blessing of “Lord Jesus Christ” and my research supervisor. I have been able to successfully complete and present this humble piece of work for which I am extremely indebted.

I was really lucky to get Prof. N. SAVITHRAMMA, Chairman BOS, Department of Botany, Sri Venkateswara University, Tirupati as my research supervisor. The valuable suggestions, advices and critical discussion which helped me a lot for the successful completion of this research work within the prescribed period. The effort made by her helped me a lot in exploring the new techniques in the area of my research. I take this opportunity to extend my heartfelt gratitude and thanks to her.

I wish to express my profound indebtedness to Prof. N. Yasodamma, Head, Dept. of Botany, S.V. University, Tirupati for the facilities provided during the period of my research work.

It is with delight that I record here my deep sense of gratitude to the faculty members of Department of Botany, S.V.U., Tirupati Prof. G. Sudarsanam, Dr. T. Vijaya, Dr. J.S.R. Murthy, Dr. K. Madhava Chetty, Dr. M. Nagalakshmi Devamma, Dr. M. Santhosh Kumar and Dr. J. Kamakshamma for providing for necessary amenities required for the present study.

It gives me immense pleasure to express my deep sense of reverence and gratitude to Dr. R.V. Raveendra Babu, Pooja Hospitals, Tirupati and Prof. K. Jayantha Rao, Dr. P. Ravisekhar, Dept of Zoology, S.V.University, Tirupati; Dr.T.N.V.K.V. Prasad, ANG Ranga Agricultural University, Tirupati; Dr. P. Suvanala Devi, K. Rukmini, Dept of Applied Microbiology, Sri Padmavathi Mahila Viswa Vidhyalayam, Tirupati for their constant encouragement.

My everlasting companionship with my seniors research colleagues of immense help, cooperation to me throughout my research work and I thank to Dr. I. Saradvathi, A. Kedarnath Reddy, S. Ankanna, Dr. M. Linga Rao, A. Sasikala, K.
Lakshmi, D. Suhrulatha, S. Sreenivasulu, Beenaprabha, R. Hari Babu, G. Bhumi and P. Yudhandhar for their support during my research work.

I do acknowledge my sincere gratitude Dr. G. Gayathri, Dr. P. Subramanyam, Dr. R. Usha Nagalakshmi, Dr. B. Mallikarjuna, Dr. K. Michael David, Dr. P. Lakshmi Padmavathi and C. Padmavathi for their scholarly advice.

I am very grateful to the University Grants Commission for financial assistance.

I owe my gratitude to Sri Venkateswara University, Tirupati for their support to complete my research work.

I deeply acknowledge the help rendered by my friends J. Sreedevi, P. Venkata Ramana, J. Sreenivasulu, P. Dhanamma, P. Sreenivasulu, M. Nageswara Rao, P. Kesava, P. Sudhakar and P. Chandrababu for their constant moral support.

I would like to thanks our office staff and gardeners for their help and Mr. Suryanarayana and their team, Vinay Graphics, Tirupati for setting the thesis in a great look.

Words don’t suffix to express my deep sense of feelings towards my beloved mother Smt. Perumalla Lakshommo, father Sri. Perumalla Venkataswamy, Brother Mr. P. Venkata Subbaiah, sister-in-law Smt. P. Swarnalatha, daughters P. Srivalli and P. Srilatha; Sisters P. Mariyamma, P. Morthamma and P. Nagalakshamma; brother-in-laws Sri P.C. Maddilety, Sri C. Mohan and sri G. Chennaiah; daughter-in-laws P. Maheswari, C. Jyothi, C. Deepika and G. Sindhu; sun-in-laws P. Manoz, P. Vinod and C. Chintu for their affection and prayers showered on me to reach this position. I express my gratefulness to them by dedicating this work as a mark of my respect and high esteem.

I pray the almighty to shower all the blessings upon all who helped me in one way or other to accomplish this piece of work.

P. Venkateswarlu.....
