ACKNOWLEDGEMENT

First and foremost, I would like to express sincere thanks to my creative and dynamic guide Prof Dr. Ghyan Shyam Prasad Khare, Professor Civil Engineering Department and Principal Government Engineering College Jagdalpur, for his invaluable support and guidance, constant encouragement with ideas that has made this research work possible. His vision, insight, endeavour for perfection, insistence on clarity of exposition and presentation has empowered me to complete this research work. He put faith in my work with easy understanding and it has been a great pleasure to have him as my ‘research mentor’.

I am very grateful to Prof. Ohm Prakash/ Assistant Professor and Research Coordinator of Engineering, Shri Jagadishprasad Jhabarmal Tibrewala University, Vidyanagari, Jhunjhunu, Rajasthan for his valuable and unconditional co-operation.

I am very thankful to Management Bharatiya Educational and Charitable Trust, Gulbarga, Management/Authorities of KCT Engineering College Gulbarga, Management of Majestic Constructions and Consultants Gulbarga, Oxford Educational Institute Gulbarga for allowing me to use their infrastructural facilities, by which this research work has reached to a conclusion.

I would like to express sincere thanks to my mentor cum wife Dr Sayeda Meenaz Tanveer for her consistent persistent invaluable support and guidance, constant encouragement with visionary ideas that has empowered me and made this research work possible. Also I would like to express sincere thanks to my Son Tazeem-ul-haq Zerdi and Daughter Mehreen Naaz Zerdi for encouragement and tender my sincere apology for inconvenience caused to them by my busy and occupied schedule in this research work.

I would like to express my emotional and extremely sincere thanks to my
Parents as under: To my mother mentor late Prof Zakia Begum Rawani (I lost her in the span period of this research, and hence lost source of consistent/persistent encouragement) for her constant encouragement with visionary and bold ideas invaluable support and guidance, and To my father Engineer Hazarath Saheb Usman sahib Zerdi for his constant encouragement with simplicity ideas invaluable support and guidance, during this research work. Also I am thankful to my brothers especially to my younger brother Dr. Ehteshamulhaq Zerdi and sisters for their encouragement.

Also I am thankful to all faculty members, administrative staff, library/laboratories staff of JJT University for their remarkable support and advices during this research work.

Date:                                                                                        Tanveer Asif Zerdi
                                                                                              (Reg No 410244)
