ACKNOWLEDGEMENT

I am deeply indebted to my guide Dr B H Pawar Professor and Head, Department of Physics, Amravati University, Amravati for his valuable guidance, constant encouragement and sympathetic consideration of my difficulties during the period of this research work. I have no words to express adequately my debt of gratitude to him. I indeed feel proud of the opportunity to study under him and has an enlightening and enriching experience. I am greatly indebted to him and desire to remain so throughout my life.

I am sincerely thanks to Dr G V Shinde, Principal K K M College, Manwath for allowing me to do research work, moral encouragement and all kinds of cooperation to complete this work.

I am extending my thanks to Dr O B Samdani Vice-Principal, K K M College Manwath and Dr A B Chindurwar for their valuable cooperation during the period of this work.

I express my deep sense of gratitude to shri R G Agrawal, Principal J E S College Jalna for allowing me to join research laboratory. I am also thankful to Dr Vijaykumar Sharma, Principal J E S College, Jalna for kind cooperation.

I would like to express my thanks to my friend Dr D P Garud, Principal Adarsh College, Omerga for his unceasing encouragement and constant source of inspiration not only to complete this work but throughout my life.

I am most grateful to Dr N S Bharate Head of the Dept of Physics K K M College Manwath from whom I received beneficial suggestions.
extends my thanks to Prof B S Munde and K B Patole and all other colleagues of K K M College Manwath for their cheerful guidance, constructive suggestions and cooperation

I would like to express my thanks to Dr L D Nihate, Head, Department of Physics, Prof S J Lahoti, Dr S P Bhandari, Dr M D Shirsat (N M University, Jalgaon) and Dr R A Oswal Dept of Physics and Dr D M Janrao (Dept of Chemistry), J E S College Jalna for inspiring me and supporting during my research work.

I specially thanks to Prof F M Gulam, Dept of Chemistry, K.K.M College, Manwath for his friendly cooperation and suggestions.

I express my feelings of deovtions and gratitude to my parents and D P Ghorpade without whom I would not be able to withstand at this stage.

I am also indebted to my wife Sow Vidya and daughters for their tolerance, patience and source of encouragement.

I express my heartily thanks to my research colleagues Shri S. N. Keshatti, R V Kathare, S M Rathod, R. N. Khule who were constantly enquiring my achievements.

I am very much thankful to P. T S P Mandal's authorities deputing me for two years to complete my research work.

I am very much thankful to U G C for giving me two years assistance for completing my research work leading to Ph. D degree.

(A.A. Kakade)
